

ASCII MASTER FLOW – PANEL 1/10: Sixth-century BCE shramana field

AGRARIAN SURPLUS + CITIES + MAHAJANAPADAS + MERCHANTS + RITUAL QUESTIONING

Heterodoxy is not one anti-Brahmana bloc; doctrines and disciplines differ.

ASCII MASTER FLOW – PANEL 2/10: Jain cosmos, bondage and liberation

SIIVA (conscious) + AJIIVA (non-conscious) -> beginningless cosmos without creator

|

v

action/passions attract karmic matter -> bondage and repeated birth

|

v

samvara stops influx + nirjara sheds karma -> kevala-jnana -> moksha

|

v

Liberation is purification of an enduring individual soul, not annihilation.

ASCII MASTER FLOW – PANEL 3/10: Jain path and many-sided knowledge

TRIRATNA: right faith + right knowledge + right conduct

|

v

FIVE VOWS: ahimsa | satya | asteya | brahmacharya | aparigraha

monastic mahavrata = rigorous | lay anuvrata = limited practicable form

|

v

ANEKANTAVADA -> NAYAVADA standpoints -> SYADVADA qualified predication

Many-sidedness disciplines claims; it does not make contradictions equally true.

ignorance -> formations -> consciousness -> name-form -> six senses -> contact

-> feeling -> craving -> clinging -> becoming -> birth -> ageing-and-death

|

v

conditioned arising explains continuity without eternal atman or first creator.

|

v

conventional councils: Rajagriha -> Vaishali -> Pataliputra -> regional recensions

|

v

Pali Tipitaka: Vinaya + Sutta + Abhidhamma; other witnesses survive in Sanskrit, Chinese and Tibetan traditions. Councils are sectarian memories, not court minutes. Women ordain, but institutional hierarchy and textual debate remain.

15 MARKS: context -> doctrine -> institution -> patronage/spread -> limitation

20 MARKS: shramana setting -> both systems -> councils/schools/material culture

-> controlled comparison -> decline/persistence -> source qualification
