SĀṂKHYA = PRE-EXISTENCE OF THE EFFECT IN THE CAUSE (satkāryavāda) + CONSTITUTIVE PRINCIPLE

(tattva) EVOLUTION + PLURAL CONSCIOUS WITNESS (puruṣas)

PRIMORDIAL MATERIAL NATURE (prakṛti)

CONSCIOUS WITNESS (puruṣa)

one, unconscious, productive

many, conscious, inactive witnesses

unmanifest nature (avyakta) equilibrium of qualities (guṇas)

uncaused, unchanging,

non-agent

+-----+-----+

apparent association explains experience; discrimination ends bondage.

ASCII MASTER FLOW – PANEL 2/8: Knowledge and proof of primordial material nature (prakṛti)

THREE MEANS OF VALID KNOWLEDGE (pramāṇa): perception | inference | reliable testimony

primordial material nature (prakṛti) is inferred, not ordinarily perceived

|

finite effects require cause -> effects share common features

coordinated world requires common source -> evolutes need an unevolved ground

pleasure/pain/dullness in effects -> sattva/rajas/tamas in cause

|

PRIMORDIAL MATERIAL NATURE (prakṛti): beginningless, unmanifest, independent material cause;
not “matter” alone, but psychophysical source of intellect, senses and elements.

ASCII MASTER FLOW – PANEL 3/8: Three qualities (guṇas)

SATTVA

lightness | illumination | pleasure

PRIMORDIAL MATERIAL NATURE (prakṛti)

equilibrium breaks

\

RAJAS ----- TAMAS

activity | stimulation | pain inertia | obstruction | dullness

|

qualities (guṇas) are constituents, not detachable qualities

mutual domination + support + production drive all manifest difference.

ASCII MASTER FLOW – PANEL 4/8: Twenty-five principles (tattvas)

PRIMORDIAL MATERIAL NATURE (prakṛti) (1)

-> COSMIC INTELLECT (mahat) / DETERMINATIVE INTELLECT (buddhi) (2)

-> EGO-MAKER (ahaṁkāra) (3)

+> sāttvika -> SENSORY MIND (manas) (4) + 5 JÑĀNENDRIYAS + 5 KARMENDRIYAS

+> tāmasa -> 5 SUBTLE ELEMENT (tanmātras) -> 5 GROSS ELEMENT (mahābhūtas)

+> rājasa supplies activity to both branches

CONSCIOUS WITNESS (puruṣa) (25) stands outside the evolute chain as witness

COUNT CONTROL: 1 primordial material nature (prakṛti) + 23 evolutes + conscious witness (puruṣa)

= 25 principles (tattvas).

ASCII MASTER FLOW – PANEL 5/8: Pre-existence of the effect in the cause (satkāryavāda)

EFFECT PRE-EXISTS LATENTLY IN CAUSE

asadakaraṇāt: non-being cannot be produced

upādānagrahaṇāt: specific material cause is selected

sarvasambhavābhāvāt: not everything arises from everything

śaktasya śakyakaraṇāt: cause produces only what it has power to produce

kāraṇabhāvāt: effect shares nature of cause

|

real transformation (pariṇāmavāda): real transformation of primordial material nature (prakṛti)

NYĀYA new production (ārambhavāda): new effect | ADVAITA vivarta: apparent transformation.

ASCII MASTER FLOW – PANEL 6/8: Why many conscious witness (puruṣas)?

CONSCIOUS WITNESS (puruṣa) EXISTS BECAUSE

composites serve another | experience needs conscious witness

objects of three qualities (guṇas) require non-guṇa experiencer | liberation is conceivable

|

PLURALITY: births/deaths differ; sense capacities and actions are uncoordinated;

if one conscious witness (puruṣa), one person's liberation or pain would belong to all

|

CONTACT PROBLEM: inactive consciousness cannot literally touch unconscious primordial material nature (prakṛti)

analogies: blind-and-lame cooperation | magnet and iron

pressure remains: how does mere proximity begin purposive evolution?

ASCII MASTER FLOW – PANEL 7/8: Bondage, liberation and critique

AVIVEKA: determinative intellect (buddhi)'s states are appropriated as "I" by reflected

consciousness

experience + karmic dispositions -> repeated embodiment

|

tattva-jñāna / viveka-khyāti: "I am conscious witness (puruṣa), not primordial material nature (prakṛti) or its evolutes"

|

primordial material nature (prakṛti) has been seen -> ceases activity for that conscious witness (puruṣa) -> ISOLATION (kaivalya)

|

ŚAMKARA: unconscious primordial material nature (prakṛti) cannot act for an end; dualism cannot explain contact

SĀMKHYA REPLY: teleology is immanent, as milk flows for calf; no creator is needed.

ASCII MASTER FLOW – PANEL 8/8: PYQ answer synthesis

START with dualism and three qualities (guṇas) -> prove primordial material nature (prakṛti) and

plural conscious witness (puruṣas)

-> draw exact 25-tattva cascade -> defend pre-existence of the effect in the cause

(satkāryavāda) with five reasons

-> distinguish real transformation (pariṇāmavāda) from ārambha/vivarta

-> explain aviveka and isolation (kaivalya) -> test contact and teleology objections

|

QUALIFIED VERDICT: Sāṃkhya powerfully unifies cosmos, mind and liberation,

but the coordination of inactive consciousness with unconscious nature is its hard problem.
