

CONCEPT AND ROLE

1 Articles 338, 338A and 338B create specialist constitutional watchdogs.

2 Core cycle: monitor safeguards -> inquire complaints -> advise/evaluate -> report/recommend.

3 They are investigative, advisory and recommendatory; courts and governments retain binding remedies.

4 Answer line: constitutional visibility is not self-executing enforcement.

HISTORY AND AMENDMENTS

1 Original Article 338: President-appointed Special Officer for SCs/STs.

2 65th Amendment 1990: combined multi-member NCSC/ST; first commission 12 Mar 1992.

3 89th Amendment 2003: amended 338 + inserted 338A; separate bodies from 19 Feb 2004.

4 1993 statutory NCBC -> 102nd Amendment 2018 constitutional NCBC -> 105th Amendment 2021 State/UT own SEBC lists.

ARTICLES 338 / 338A / 338B

1 338 = NCSC; 338A = NCST; 338B = NCBC.

2 Clauses (1)-(4): creation, five-person composition, Presidential warrant, own procedure.

3 Clauses (5)-(9): duties, reports, civil-court tools and major-policy consultation.

4 Article 338(10) now extends only to the Anglo-Indian community.

COMPOSITION AND TENURE

1 Each: Chairperson + Vice-Chairperson + three other Members = five.

2 President appoints by warrant under hand and seal.

3 Service conditions and tenure come from Presidential rules subject to parliamentary law.

4 2004 NCSC/NCST and 2018 NCBC rules: three-year term; no more than two terms.

FUNCTIONS, POWERS, CONSULTATION

- 1 Six duties: monitor; inquire; advise development; evaluate; report/recommend; other specified functions.

- 2 Clause (8): summons/oath, documents, affidavits, public records, evidentiary commissions, other prescribed matter.

- 3 Procedural power != writ, conviction, damages, list amendment or reservation grant.

- 4 Clause (9): mandatory consultation on major policy, not concurrence; 338B exception for 342A(3).

REPORT ACCOUNTABILITY

- 1 Union matter: Commission -> President -> both Houses + action memorandum + rejection reasons.

- 2 State matter: NCSC/NCST -> Governor -> State Legislature + memorandum.

- 3 NCBC difference: Article 338B(7) -> State Government -> State Legislature.

- 4 Submission, laying, scrutiny and implementation are separate stages.

NCSC AND NCST DOMAINS

- 1 NCSC: SC equality, untouchability, services, representation, PCR/PoA safeguard monitoring.

- 2 NCSC does not register FIRs, prosecute, try or sentence.

- 3 NCST 2005 Rules: MFP, resources, livelihood, displacement, land, forests, PESA, shifting cultivation.

- 4 NCST monitors/advises; it does not administer Scheduled Areas or finally decide FRA claims.

NCBC TRANSITION

1 Indra Sawhney 1992 directed a permanent backward-class body.

2 NCBC Act 1993: statutory inclusion/over-/under-inclusion adviser with civil-court tools.

3 102nd Amendment: Article 338B broadened safeguards, complaints, development, reporting and consultation.

4 Constitutional status enlarged scope and visibility, not binding adjudicatory force.

LIST SPECIFICATION

1 Article 341 SC / Article 342 ST: President initially specifies; Parliament later includes/excludes by law.

2 SC/ST status is State/UT-specific; Governor consultation is not declaration.

3 Article 342A(1)-(2): Central SEBC List for Central purposes.

4 Article 342A(3): State/UT own list by law for own purposes; commission advice is not final instrument.

CASES AND FEDERAL CORRECTION

- 1 Jaishri Laxmanrao Patil 2021: majority read original 342A as displacing State identification.

- 2 105th Amendment: restored/clarified State/UT own-list power; adjusted 338B(9), 342A and 366(26C).

- 3 Davinder Singh 2024: evidence-based SC sub-classification permissible; E.V. Chinnaiah overruled.

- 4 Creamy-layer concurrences != unanimous ratio; Jarnail and Janhit remain bounded cross-links.

DISTINCTIONS AND REFORM

1 Commissions monitor/advise; ministries implement; police enforce; courts adjudicate.

2 State commissions complement; NHRC/NCW/NCM/NCPCR are statutory and separately mandated.

3 Reform: transparent appointments, timely vacancies, regional access, data/case management, tracked responses.

4 Intersectionality supports referral and joint evidence, not indiscriminate merger.

TRAPS AND ANSWER SPINE

1 TRAPS: current five vs historical seven; civil-court tools vs court; consultation vs veto.

2 TRAPS: Governor route vs NCBC State Government route; list identity vs certificate administration.

3 ANSWER: define -> Article/amendment -> mechanism -> named evidence -> analysis -> qualification.

4 VERDICT: constitutional status works through capacity, reason-giving and legislative follow-up.
