

ASCII MASTER FLOW - PANEL 1/12: CONCEPT AND PURPOSE

Legislature authorises -> executive collects/spends/records -> CAG tests authority, evidence and results

-> President/Governor lays -> legislature scrutinises. LIMIT: evidence, not executive command.

Constitution 1950 constitutional office. DPC Act 56/1971 duties and service. Act 45/1976 amended ss10,11,22 for departmentalisation. Acts 2/1984, 50/1987 and 51/1994 revised pension/service provisions,
not general audit jurisdiction.

ASCII MASTER FLOW - PANEL 3/12: ARTICLES 148-151 AND 279

President appoints; Third Schedule oath. DPC s4: six years or age 65. Removal: proved misbehaviour/incapacity and Art124(4) address. Strength after appointment; selection transparency, access and follow-up remain issues.

ASCII MASTER FLOW - PANEL 7/12: ENTITY BOUNDARIES

Department -> ss13/16/17/18. Government company -> s19 + Companies Act 2(45),139,143. Corporation

law. Grantee -> s14/15. Other body -> s20. Local/private/PPP audit needs a bounded legal nexus.

Financial = fair presentation. Compliance = authority. Propriety = prudence/economy. Performance =
economy/efficiency/effectiveness. Finding is not guilt, recovery order, invalid policy or final adjudication.

CAG report -> President/Governor -> legislature. PAC examines Appropriation/Finance Accounts and selected reports. CoPU examines undertakings. CAG assists but is not a member. Executive enforcement needs separate power.
