

DEVELOPMENT AND SOCIAL PROGRESS

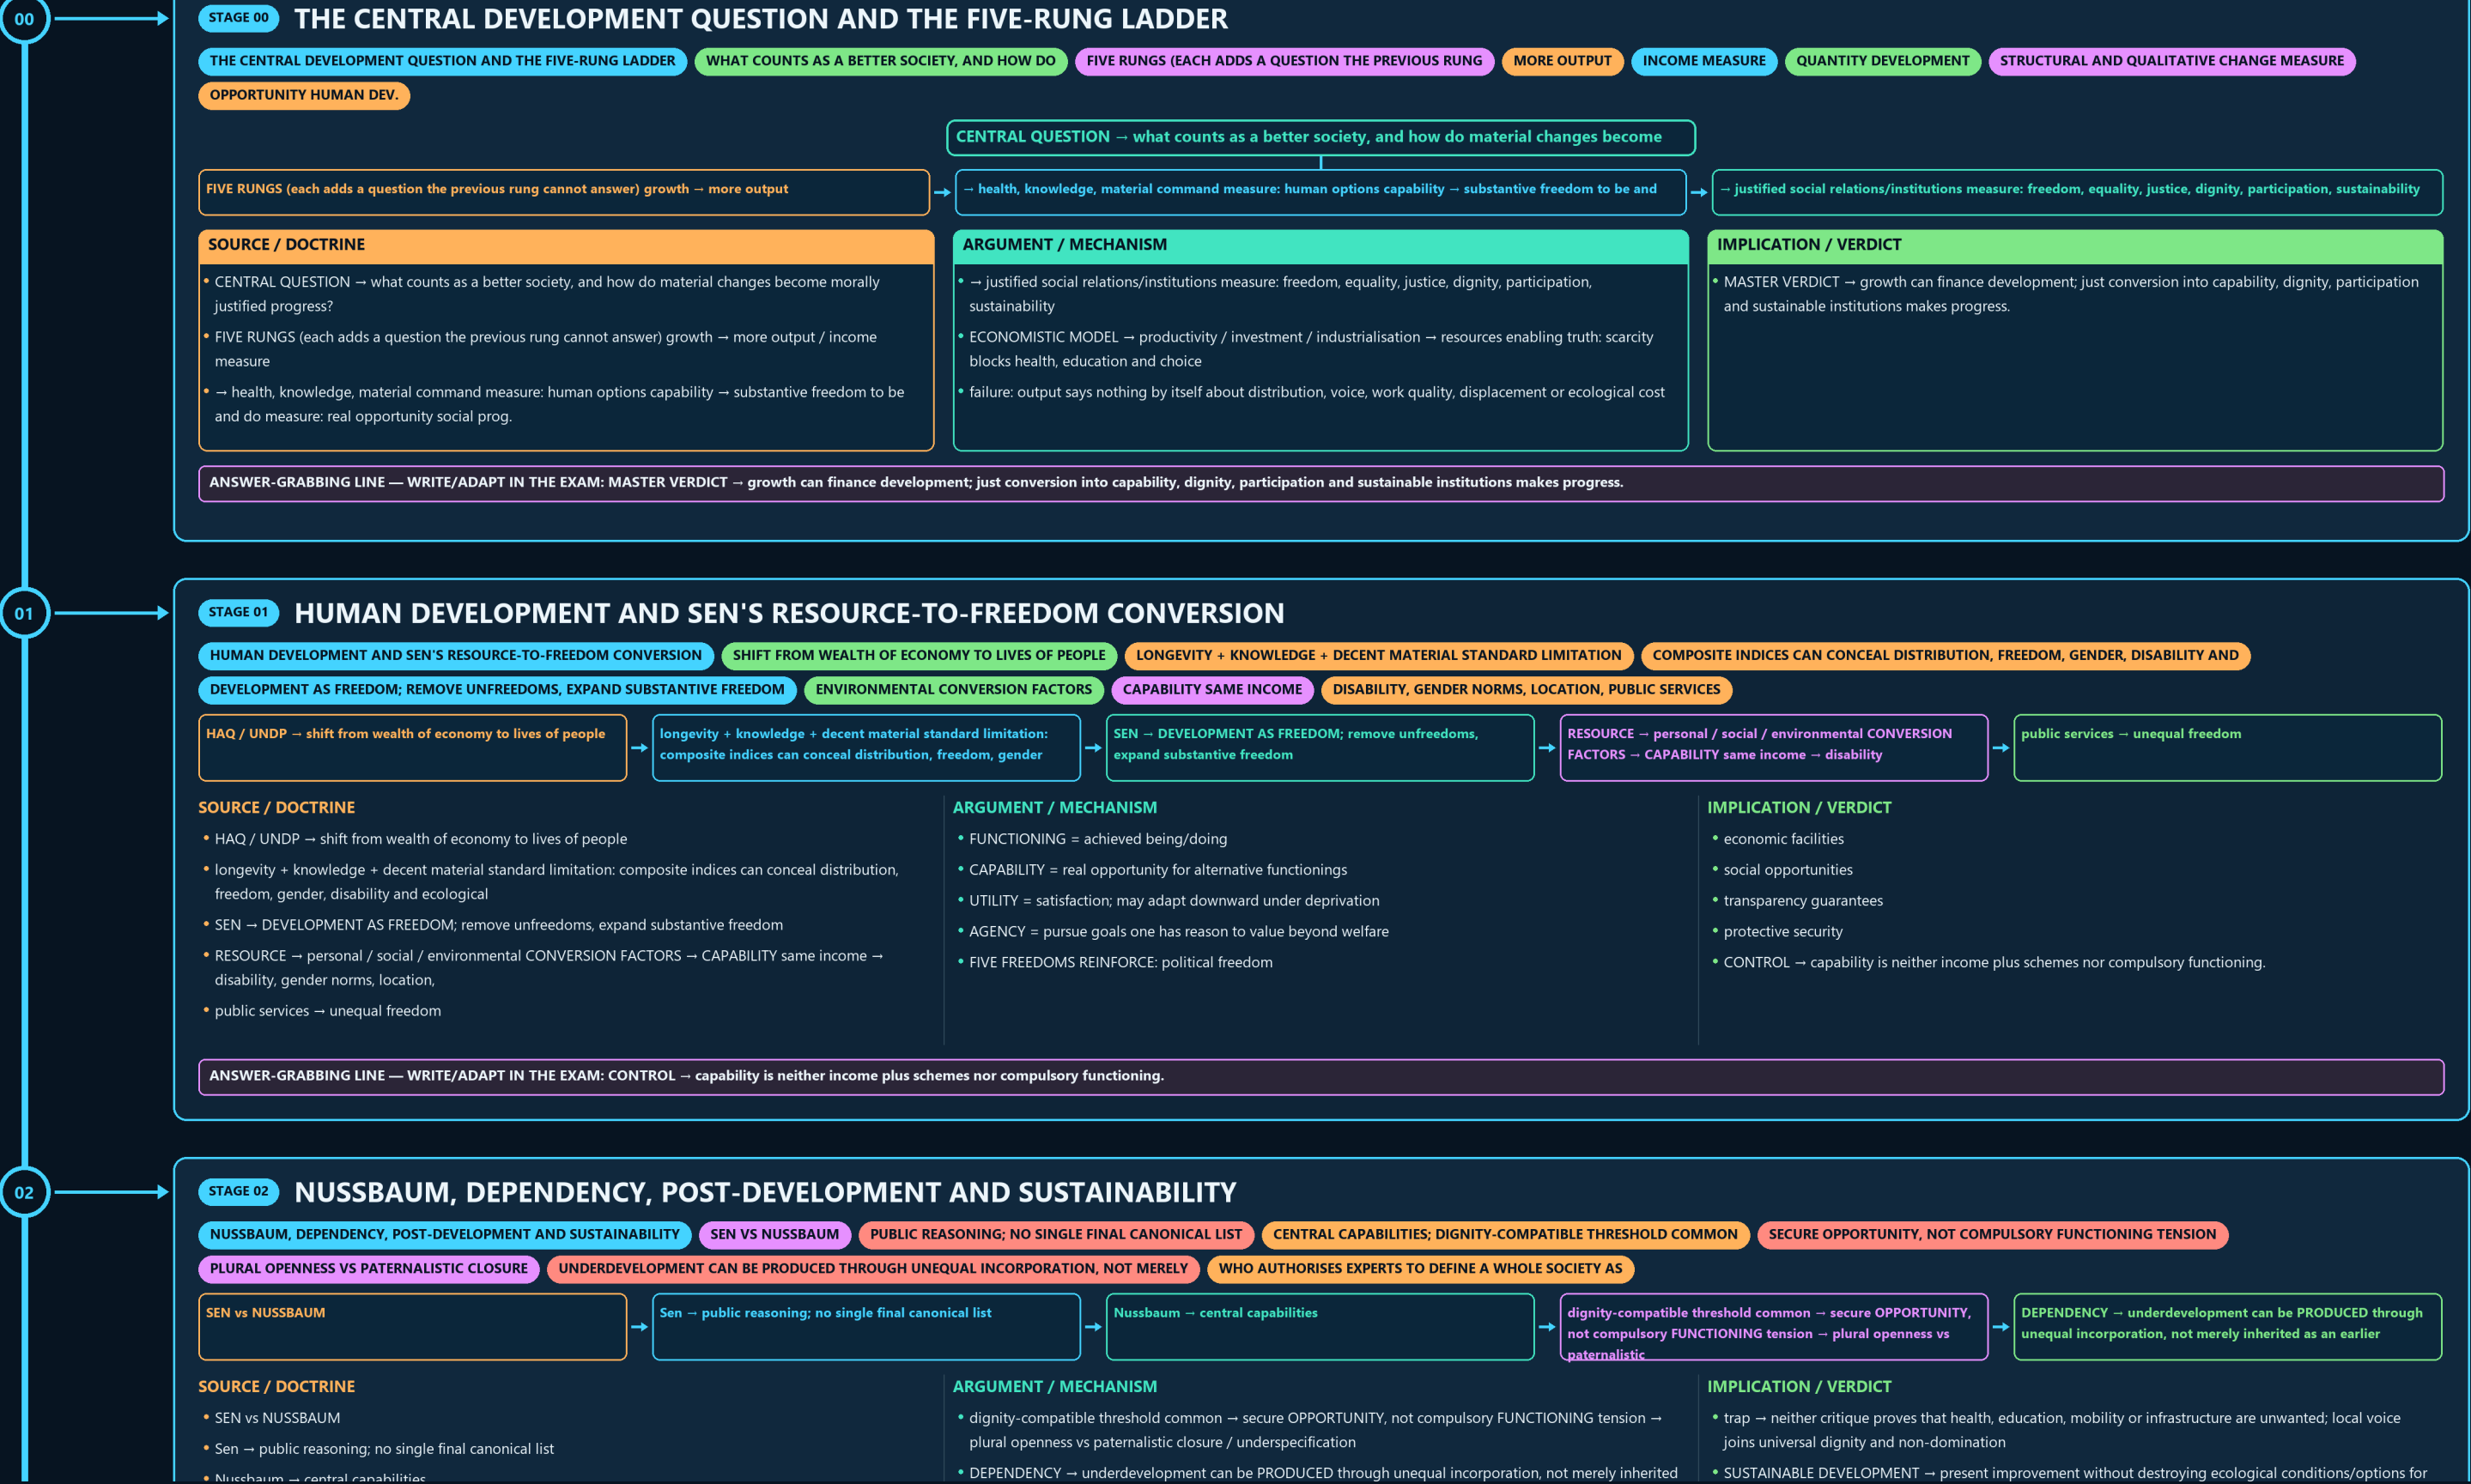

THE CENTRAL DEVELOPMENT QUESTION → HUMAN DEVELOPMENT AND SEN'S → NUSSBAUM, DEPENDENCY, POST-DEVELOPMENT AND → SOCIAL PROGRESS: WEAK TELEOLOGY → NECESSARY, SUFFICIENT, REDISTRIBUTION, RECOGNITION → TECHNOLOGY AND SKILL EDUCATION

Read the thick cyan rail from Stage 00 to the final core synthesis. Each card uses a concept-appropriate structure; the grey E card is optional enrichment only and never repairs missing core content.

PRIMARY CORE FLOW SUBORDINATE EXTRA APPROVAL / REVIEW

Approval: FALSE • Pending user review • source generation g3 and all prior artifacts unchanged

CORE BEFORE EXTRA • prior artefacts unchanged • exact same master drives poster and tiles

02

STAGE 02 NUSSBAUM, DEPENDENCY, POST-DEVELOPMENT AND SUSTAINABILITY

NUSSBAUM, DEPENDENCY, POST-DEVELOPMENT AND SUSTAINABILITY

SEN VS NUSSBAUM

PUBLIC REASONING; NO SINGLE FINAL CANONICAL LIST

CENTRAL CAPABILITIES; DIGNITY-COMPATIBLE THRESHOLD COMMON

SECURE OPPORTUNITY, NOT COMPULSORY FUNCTIONING TENSION

PLURAL OPENNESS VS PATERNALISTIC CLOSURE

UNDERDEVELOPMENT CAN BE PRODUCED THROUGH UNEQUAL INCORPORATION, NOT MERELY

WHO AUTHORISES EXPERTS TO DEFINE A WHOLE SOCIETY AS

SEN vs NUSSBAUM

Sen → public reasoning; no single final canonical list

Nussbaum → central capabilities

dignity-compatible threshold common → secure OPPORTUNITY, not compulsory FUNCTIONING tension → plural openness vs paternalistic

DEPENDENCY → underdevelopment can be PRODUCED through unequal incorporation, not merely inherited as an earlier

SOURCE / DOCTRINE

- SEN vs NUSSBAUM
- Sen → public reasoning; no single final canonical list
- Nussbaum → central capabilities

ARGUMENT / MECHANISM

- dignity-compatible threshold common → secure OPPORTUNITY, not compulsory FUNCTIONING tension → plural openness vs paternalistic closure / underspecification
- DEPENDENCY → underdevelopment can be PRODUCED through unequal incorporation, not merely inherited as an earlier stage on one universal path
- POST-DEVELOPMENT → who authorises experts to define a whole society as deficient?

IMPLICATION / VERDICT

- trap → neither critique proves that health, education, mobility or infrastructure are unwanted; local voice joins universal dignity and non-domination
- SUSTAINABLE DEVELOPMENT → present improvement without destroying ecological conditions/options for future persons: intergenerational justice + precaution non-substitutable limits
- + duties to vulnerable persons + possible non-human value.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: trap → neither critique proves that health, education, mobility or infrastructure are unwanted; local voice joins universal dignity and non-domination.

03

STAGE 03 SOCIAL PROGRESS: WEAK TELEOLOGY, PLURAL CRITERIA AND NON-INEVITABILITY

SOCIAL PROGRESS

WEAK TELEOLOGY, PLURAL CRITERIA AND NON-INEVITABILITY

JUSTIFIED IMPROVEMENT IN RELATIONS, INSTITUTIONS AND LIVES WEAKLY TELEOLOGICAL

CALLS MOVEMENT BETTER; DOES NOT POSIT AUTOMATIC HISTORY

CRITERIA (NO ONE AGGREGATE SETTLES ALL) FREEDOM

REAL OPTIONS/VOICE

LESS DOMINATION

DEFENSIBLE BENEFITS/BURDENS/PROCEDURE

SOURCE / DOCTRINE

- SOCIAL PROGRESS = justified improvement in relations, institutions and lives weakly TELEOLOGICAL → calls movement better
- does NOT posit automatic history
- CRITERIA (no one aggregate settles all) freedom: real options/voice
- equality: less domination

ARGUMENT / MECHANISM

- justice: defensible benefits/burdens/procedure
- dignity: no humiliation
- participation: co-decision sustainability: future conditions
- fraternity/solidarity: social equality

IMPLICATION / VERDICT

- WHY NOT INEVITABLE?
- knowledge/technology → capacity for care AND destruction institutions → distribute control and risk moral learning → can be reversed
- VERDICT → progress requires agency, conflict, accountable institutions and judgment
- public reasoning is part of progress, not merely a way to measure it.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: VERDICT → progress requires agency, conflict, accountable institutions and judgment;.

04

STAGE 04 NECESSARY, SUFFICIENT, REDISTRIBUTION, RECOGNITION AND DEMOCRACY

NECESSARY, SUFFICIENT, REDISTRIBUTION, RECOGNITION AND DEMOCRACY

2024 MODAL TEST

IS ECONOMIC DEVELOPMENT NECESSARY, SUFFICIENT, BOTH OR NEITHER?

SEVERE DEPRIVATION BLOCKS HEALTH, EDUCATION, AGENCY QUALIFIED RESULT

ADEQUATE MATERIAL CAPABILITIES NORMALLY THRESHOLD-NECESSARY CAVEAT

'ECONOMIC DEVELOPMENT' IS BROADER THAN A LOGICAL NECESSITY CLAIM

WEALTH CAN COEXIST WITH EXCLUSION, AUTHORITARIANISM, GENDER HIERARCHY AND

CLEARLY NOT SUFFICIENT

SYSTEM / DOCTRINE

2024 MODAL TEST → Is economic development necessary, sufficient, both or neither?

NECESSITY → severe deprivation blocks health, education, agency qualified result → adequate MATERIAL CAPABILITIES normally threshold-necessary caveat →

'economic development' is broader than a logical necessity claim

DECISIVE DISTINCTION

SUFFICIENCY → wealth can coexist with exclusion, authoritarianism, gender hierarchy and ecological destruction → clearly NOT sufficient

DISTRIBUTION + RECOGNITION + PARTICIPATION redistribution → resources

recognition → equal status

EVALUATION / TRAP

participation → decision-power provision without respect → paternalism

recognition without resources → symbolism participation is INSTRUMENTAL (information/accountability) AND CONSTITUTIVE (voice itself)

VERDICT → means become progress only through just conversion and democratic equality.

SYSTEM / DOCTRINE

- 2024 MODAL TEST → Is economic development necessary, sufficient, both or neither?
- NECESSITY → severe deprivation blocks health, education, agency qualified result → adequate MATERIAL CAPABILITIES normally threshold-necessary caveat →
- 'economic development' is broader than a logical necessity claim

DECISIVE DISTINCTION

- SUFFICIENCY → wealth can coexist with exclusion, authoritarianism, gender hierarchy and ecological destruction → clearly NOT sufficient
- DISTRIBUTION + RECOGNITION + PARTICIPATION redistribution → resources
- recognition → equal status

EVALUATION / TRAP

- participation → decision-power provision without respect → paternalism
- recognition without resources → symbolism participation is INSTRUMENTAL (information/accountability) AND CONSTITUTIVE (voice itself)
- VERDICT → means become progress only through just conversion and democratic equality.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: VERDICT → means become progress only through just conversion and democratic equality.

05

STAGE 05 TECHNOLOGY AND SKILL EDUCATION: CONDITIONAL ROUTES TO DEVELOPMENT

TECHNOLOGY AND SKILL EDUCATION

CONDITIONAL ROUTES TO DEVELOPMENT

CHANGES CAPACITIES AND SOCIAL RELATIONS; SUPPLIES NO ETHICAL END

MEDICINE REDUCES SUFFERING

COMMUNICATION WIDENS KNOWLEDGE TRANSPARENCY SUPPORTS ACCOUNTABILITY

PRODUCTIVITY REDUCES DRUDGERY POSSIBLE LOSSES

UNEQUAL ACCESS

BIAS CONVERSION CONDITIONS

SYSTEM / DOCTRINE

TECHNOLOGY → changes capacities and social relations; supplies NO ethical end possible gains → medicine reduces

DECISIVE DISTINCTION

bias conversion conditions → ethical purpose + fair access + accountable human control

EVALUATION / TRAP

critical citizenship defeat → skills without decent work = frustrated capability

- VERDICT → means become progress only through just conversion and democratic equality.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: VERDICT → means become progress only through just conversion and democratic equality.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: VERDICT → technology/skill enhance development conditionally, never automatically.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: RECONSTRUCTION → equal rights + anti-domination + mobility + accountability; judge machines by scale/control/need, not by a blanket anti-machine rule.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: CONTROL → enactment/judgment is NOT notification, implementation, success or philosophical proof.

TRIBAL RECONCILIATIONTHE FOUR TESTS AND LEGAL-STATUS DISCIPLINE

THE COLLISION

WHO DEFINES BENEFIT? WHO BEARS COST/RISK? IS LAND COMMODITY

FOUR JOINT TESTS

1 CAPABILITY

COUNT CAPABILITIES GAINED AND DESTROYED

2 AGENCY

SOURCE / DOCTRINE

- THE COLLISION → who defines benefit?
- who bears cost/risk?
- is land commodity or identity/livelihood?
- whose knowledge counts?
- are consent and self-government real?

ARGUMENT / MECHANISM

- 1 capability → count capabilities GAINED AND DESTROYED
- 2 agency → affected communities decide, not merely receive compensation
- 3 precaution → irreversible ecological/cultural loss attracts presumption against
- 4 justice → no transfer of adjustment burden to persons least able to bear it plus → equal
- citizenship + recognition + individual/community rights dissent/exit + gender justice

IMPLICATION / VERDICT

- PESA 1996 → enacted statute, adapted panchayat arrangements in Scheduled Areas
- FRA 2006 → enacted rights-recognition statute
- Orissa Mining Corporation (2013) → Supreme Court judgment; Gram Sabha consideration
- CONTROL → enactment/judgment is NOT notification, implementation, success or philosophical proof.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: CONTROL → enactment/judgment is NOT notification, implementation, success or philosophical proof.

08

STAGE 08

MORAL STANDING AND NAESS: ECOLOGY BEFORE ENVIRONMENTAL POLICY

MORAL STANDING AND NAESS

ECOLOGY BEFORE ENVIRONMENTAL POLICY

PRIOR QUESTION

WHAT HAS MORAL STANDING?

HUMAN BEINGS; NATURE HAS INSTRUMENTAL VALUE WEAKNESS

IGNORES UNSEEN OR UNUSABLE NATURE BIOCENTRIC

INDIVIDUAL LIVING BEINGS WITH INHERENT WORTH; WEAKNESS

CANNOT EASILY VALUE SYSTEMS ECOCENTRIC

PRIOR QUESTION → what has MORAL STANDING?

anthropocentric → human beings

nature has instrumental value weakness: ignores unseen or unusable nature biocentric → individual living beings

weakness: cannot easily value systems ecocentric → species/habitats/ecosystems/biotic whole

SOURCE / DOCTRINE

- PRIOR QUESTION → what has MORAL STANDING?
- anthropocentric → human beings
- nature has instrumental value weakness: ignores unseen or unusable nature biocentric → individual living beings with inherent worth
- weakness: cannot easily value systems ecocentric → species/habitats/ecosystems/biotic whole

ARGUMENT / MECHANISM

- weakness: can subordinate individuals discriminating question → destroy wilderness no human will see/use/know?
- NAESS (1973): SHALLOW vs DEEP ECOLOGY shallow → fight pollution/depletion for human health/affluence
- manage symptoms deep → intrinsic non-human value + diversity + revise framework of standing reserve argument → ever-rising
- policy fixes symptoms while the generating conception of self/good life remains

IMPLICATION / VERDICT

- QUALIFICATION → distinguish subsistence from luxury consumption
- defend dignity/agency against eco-authoritarian sacrifice and do not assert intrinsic value without argument.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: QUALIFICATION → distinguish subsistence from luxury consumption; defend dignity/agency against eco-authoritarian sacrifice and do not assert intrinsic value without argument.

09

STAGE 09

PRODUCTIVISM, DEGROWTH AND INTERGENERATIONAL JUSTICE

PRODUCTIVISM, DEGROWTH AND INTERGENERATIONAL JUSTICE

EXPANDING PRODUCTION IS MASTER OBJECTIVE AND SOLVENT OF DISTRIBUTIONAL

FINITE SINKS/STOCKS + EFFICIENCY OFFSET BY OUTPUT EXPANSION +

PLANNED REDUCTION OF ENERGY/MATERIAL THROUGHPUT SUFFICIENCY + CARE +

JOBS, REVENUE, PUBLIC SERVICES; NO DEMONSTRATED STABLE CONTRACTION AT

CONTRACTION AND CONVERGENCE

REDUCE AFFLUENT LUXURY; EXPAND BASE CAPABILITY WHERE DEPRIVATION PERSISTS

INTERGENERATIONAL JUSTICE

SYSTEM / DOCTRINE	DECISIVE DISTINCTION	EVALUATION / TRAP
PRODUCTIVISM → expanding production is master objective and solvent of distributional conflict applies to industrial socialism AS WELL AS capitalism	no demonstrated stable contraction at scale qualified reply → CONTRACTION AND CONVERGENCE: reduce affluent luxury	INTERGENERATIONAL JUSTICE → preserve options, avoid irreversible loss problems → non-identity
FINITE SINKS/STOCKS + efficiency offset by output expansion + diminishing capability gains	expand base capability where deprivation persists	no reciprocity
DEGROWTH → planned reduction of energy/material throughput sufficiency + care + shorter work + equality objection → jobs, revenue, public services	never prescribe blanket degrowth	pure time preference/discounting response → impersonal principles + precaution, not specific future preferences

SYSTEM / DOCTRINE

- PRODUCTIVISM → expanding production is master objective and solvent of distributional conflict applies to industrial socialism AS WELL AS capitalism
- FINITE SINKS/STOCKS + efficiency offset by output expansion + diminishing capability gains
- DEGROWTH → planned reduction of energy/material throughput sufficiency + care + shorter work + equality objection → jobs, revenue, public services

DECISIVE DISTINCTION

- no demonstrated stable contraction at scale qualified reply → CONTRACTION AND CONVERGENCE: reduce affluent luxury
- expand base capability where deprivation persists
- never prescribe blanket degrowth

EVALUATION / TRAP

- INTERGENERATIONAL JUSTICE → preserve options, avoid irreversible loss problems → non-identity
- no reciprocity
- pure time preference/discounting response → impersonal principles + precaution, not specific future preferences

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: INTERGENERATIONAL JUSTICE → preserve options, avoid irreversible loss problems → non-identity | no reciprocity | pure time preference/discounting response → impersonal principles + precaution, not specific future preferences.

10

STAGE 10

ENVIRONMENTALISM OF THE POOR AND THE JUST-TRANSITION REPLY

ENVIRONMENTALISM OF THE POOR AND THE JUST-TRANSITION REPLY

ENVIRONMENTALISM OF THE POOR (GUHA AND MARTINEZ-ALIER, 1997) CLAIM

GLOBAL SOUTH ENVIRONMENTAL CONFLICT OFTEN CONCERNS LIVELIHOOD

FORESTS, WATER, GRAZING, FISHERIES, CLEAN AIR AND CONTROL OF

NOT 'ENVIRONMENT VERSUS DEVELOPMENT' BUT WHO GAINS, WHO BEARS

THIS IS DESCRIBES CONFLICT STRUCTURE, NOT ECOLOGICAL VIRTUE OF EVERY

ECO-AUTHORITARIAN CLAIM

LIMITS ARE URGENT; DEMOCRACY IS SLOW; INSULATE DECISIONS REPLY

ENVIRONMENTALISM OF THE POOR (Guha and Martinez-Alier, 1997) claim → Global South environmental conflict often

water, grazing, fisheries, clean air and control of resources on which subsistence depends reframing →

development' but WHO gains, WHO bears cost/risk, WHO decides control → thesis describes conflict structure

of every poor community

ECO-AUTHORITARIAN CLAIM → limits are urgent

preferences
