

ASCII MASTER FLOW – PANEL 1/12: Regionalisation chronology and map

DELHI CONTRACTS -> governors, military elites and local actors compete

BENGAL -> Pandua/Gaur + delta and port circuits

JAUNPUR -> Ganga valley + Sharqi court; KASHMIR -> valley state

MALWA -> Mandu plateau/routes; GUJARAT -> ports + Ahmedabad/Champaner

OUTCOME -> several durable revenue-military-cultural centres

BOUNDARY -> Deccan Topic 09; Mewar detail excluded; Ahom is bounded

VERDICT: regionalisation was political reorganisation, not anarchy.

MUST REMEMBER: Bengal, Gujarat, Malwa, Jaunpur and Kashmir were regional state-building centres, not mere debris of Delhi.

ASCII MASTER FLOW – PANEL 2/12: Bengal delta autonomy circuit

DISTANCE + RIVERS + HUMID CLIMATE -> costly external projection

INTERNAL WATERWAYS -> movement of grain, people and craft goods

ILYAS SHAHI ORGANISATION + EKDALA -> defensive and dynastic capacity

CHITTAGONG + TEXTILES + CHINA CONTACT -> wider commercial connection

GAUR / PANDUA + BENGALI PATRONAGE -> locally intelligible legitimacy

VERDICT: ecology created possibilities; institutions converted them into autonomy.

ASCII MASTER FLOW – PANEL 3/12: Gujarat port-hinterland state

FERTILE INTERIOR + HANDICRAFT PRODUCTION

|

AHMEDABAD markets, administration and building patronage

|

ROADS / CARAVANS / CAMBAY and west-coast ports

|

REVENUE + MERCHANT NETWORKS + MILITARY RESOURCES

CAUTION: ports were nodes in a territorial system, not automatic wealth machines.

ASCII MASTER FLOW – PANEL 4/12: Malwa strategic plateau

MEWAR

/ forts and corridors

GUJARAT <---- MALWA / MANDU ----> GANGA ROUTES

\ Deccan links

MANDU -> defensible plateau capital, court and monumental patronage

POLITICS -> rivalry, alliances and border-state intervention

RULE: explain strategic geography without reducing events to religion alone.

ASCII MASTER FLOW – PANEL 5/12: Jaunpur power and cultural capital

GANGA-VALLEY LOCATION

|

SHARQI COURT + revenue territory + military competition with Delhi

|

learning, Persian culture and 'Shiraz of the East' reputation

|

lofty gates, arches and an identifiable architectural idiom

1484 -> Bahlul Lodi annexes Jaunpur, but regional memory survives.

ASCII MASTER FLOW – PANEL 6/12: Kashmir reign contrast

SIKANDAR SHAH

coercive religious measures

temple and grant disruption

sharper exclusion

ZAINUL ABIDIN / BUD SHAH

reversal and reconciliation

restorations and return of groups

Hindu officers and translation patronage

crafts, agriculture and learning

RULE: do not project either reign across all Kashmir or all medieval India.

ASCII MASTER FLOW – PANEL 7/12: Five regional capacity models

BENGAL -> Ilyas/Husain Shahis | delta surplus + textiles + ports

GUJARAT -> Muzaffar/Ahmad/Begarha | commerce + craft + hinterland

MALWA -> Ghuri then Khalji | Mandu fort/routes + rivalries

JAUNPUR -> Sharqi | Ganga revenue + learning + monumental capital

KASHMIR -> Shah Mir | valley agriculture + crafts + plural traditions

RULE -> compare officers, intermediaries, army, revenue and legitimacy

CAUTION -> no state was merely a miniature Delhi Sultanate.

ASCII MASTER FLOW – PANEL 8/12: Fifteenth-century balance of power

WEST: GUJARAT <-> MALWA <-> MEWAR

EAST: BENGAL <-> ORISSA / JAUNPUR

UPPER GANGA: JAUNPUR <-> LODI DELHI

NORTH-WEST: KASHMIR follows a distinct valley trajectory

LINKS: wars + exiles + marriages + corridors + commercial competition

CAUTION: balance describes recurring checks, not fixed modern borders or a treaty.

ASCII MASTER FLOW – PANEL 9/12: Architecture and language as evidence

BENGAL -> brick, curved roofs, Gaur-Pandua and Bengali patronage

GUJARAT -> fine stone, brackets, turrets, Ahmedabad and Champaner

MALWA -> Mandu scale, high plinths, palaces and glazed decoration

JAUNPUR -> monumental gateways, arches and learned prestige

KASHMIR -> translation, crafts and courtly reconciliation

RULE: material patronage shows claims and labour, not equality for every subject.

ASCII MASTER FLOW – PANEL 10/12: Bounded Ahom political extension

13th c. Tai-Ahom migration -> Charaideo first capital and royal memory

BRAHMAPUTRA ECOLOGY -> wet-rice expansion, mobility and frontier adaptation

PAIK ROTATION -> household-linked labour and military mobilisation

OFFICIALS / KHELS -> organise service and productive capacity over time

BOUNDARY -> comparison beyond Delhi, not a substitute for the five core kingdoms

CAUTION: avoid equating rotational obligation with one timeless labour category.

CLOSE DISTINCTION: The Ahom-Assam material is a bounded Prelims extension and must not be projected onto the Sultanate core.

ASCII MASTER FLOW – PANEL 11/12: Buranji and Moidam evidence ladder

SUKAPHA -> traditional 1228 entry; polity grows through incorporation

PAIK -> changing rotational service/labour institution, not chattel slavery

BURANJI -> court chronicle evidence | copying, date and patronage cautions

MOIDAM -> Tai-Ahom royal funerary landscape at Charaideo

TOPIC 08 -> political-administrative context only

ART TOPIC 14 -> form, UNESCO criteria, conservation and 2026 Q37

RULE: bounded extension must not displace the five core states.

EVIDENCE LIMIT: Regional chronology, capitals, dynasties and cultural evidence require separate spatial anchors and source limits.

ASCII MASTER FLOW – PANEL 12/12: Topic 08 answer spine

OPEN -> Delhi contraction redistributed sovereignty; it did not erase states

MAP -> delta, coast, plateau, Ganga plain, valley and Brahmaputra

MECHANISM -> resources + routes + elites + revenue + court legitimacy

COMPARE -> Bengal, Gujarat, Malwa, Jaunpur and Kashmir without flattening

EXTEND -> Paik, Buranjis and Charaideo within a strict Ahom boundary

CLOSE -> plural regional capacity shaped the setting inherited by later empires.
