Special Provisions Relating to Certain Classes - Complete Uncompressed Learning Session

BASIC MCQS / REMEDIATION

Original MCQs 1-36 - Broad Coverage

OM1. Which statement most accurately describes Part XVI?

- A. It administers Scheduled Areas completely.
- B. It is only an employment quota code.
- C. Part XVI combines representation, services, commissions and list identification.
- D. It contains every welfare scheme.

Answer: C

Explanation: Different Articles produce different legal effects. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM2. Which statement most accurately describes reserved seats?

- A. Seats are executive grants.
- B. Articles 330 and 332 reserve SC/ST seats without creating separate electorates.
- C. Only SC/ST voters vote there.
- D. Article 335 creates them.

Answer: B

Explanation: Territorial electorate and candidate reservation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM3. Which statement most accurately describes women reservation?

- A. Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation.
- B. They operate without delimitation.
- C. They were removed.
- D. They alter SC/ST lists.

Answer: A

Explanation: Insertion is not current electoral operation. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM4. Which statement most accurately describes Anglo-Indian nomination?

- A. The 104th Amendment ended SC/ST seats.
- B. The Article 334 period was not extended beyond seventy years and nomination ceased in 2020.
- C. It continues to eighty years.
- D. Articles 331/333 were necessarily omitted.

Answer: B

Explanation: Text presence and time-clause operation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM5. Which statement most accurately describes Article 335?

- A. It governs OBC lists.
- B. Efficiency automatically defeats reservation.
- C. It fixes all quota percentages.
- D. It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso.

Answer: D

Explanation: Read it with Article 16 and cases. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM6. Which statement most accurately describes commission cross-reference?

- A. Article 340 creates all three.
- B. Arts 338, 338A and 338B create NCSC, NCST and NCBC.
- C. Civil-court powers make reports binding.
- D. They are statutory tribunals.

Answer: B

Explanation: Commission detail remains cross-owned. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM7. Which statement most accurately describes Article 339?

- A. It is the Sixth Schedule.
- B. It alters Article 342 lists.
- C. It creates local reservations.
- D. It supports Union directions and commissions concerning Scheduled Areas and ST welfare.

Answer: D

Explanation: Supervision is distinct from list and area institutions. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM8. Which statement most accurately describes Article 275?

- A. It is a reservation Article.
- B. It abolishes State discretion.
- C. It permits caste-list amendment.
- D. It includes a fiscal route for specified ST welfare and Scheduled Area administration grants.

Answer: D

Explanation: Fiscal support does not redefine status. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM9. Which statement most accurately describes SC/ST lists?

- A. President specifies; Parliament alone includes or excludes under Arts 341-342.
- B. Courts maintain lists.
- C. States may alter by executive order.
- D. Lists are nationally identical.

Answer: A

Explanation: Lists are territorial and constitutionally controlled. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM10. Which statement most accurately describes SEBC lists?

- A. NCBC alone legislates entries.
- B. After the 105th Amendment Central and State/UT lists serve different governmental purposes.
- C. States may alter SC lists.
- D. Only one list exists.

Answer: B

Explanation: The federal list split is explicit. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM11. Which statement most accurately describes Davinder Singh?

- A. The 2024 decision permits evidence-based SC sub-classification for benefit distribution.
- B. It lets States alter Article 341.
- C. It mandates exclusion of every advanced group.
- D. It restored E.V. Chinnaiah.

Answer: A

Explanation: Distribution and identification remain separate. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM12. Which statement most accurately describes local-body cross-link?

- A. Arts 243D and 243T separately govern Panchayat and Municipal reservation.
- B. They are Part XVI provisions.
- C. Article 334 governs all local seats.
- D. Lists automatically create local quotas.

Answer: A

Explanation: Local representation has its own source. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM13. Which is the safest UPSC distinction concerning Part XVI?

- A. It contains every welfare scheme.
- B. It administers Scheduled Areas completely.
- C. Part XVI combines representation, services, commissions and list identification.
- D. It is only an employment quota code.

Answer: C

Explanation: Different Articles produce different legal effects. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM14. Which is the safest UPSC distinction concerning reserved seats?

- A. Articles 330 and 332 reserve SC/ST seats without creating separate electorates.
- B. Article 335 creates them.
- C. Only SC/ST voters vote there.
- D. Seats are executive grants.

Answer: A

Explanation: Territorial electorate and candidate reservation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM15. Which is the safest UPSC distinction concerning women reservation?

- A. Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation.
- B. They were removed.
- C. They operate without delimitation.
- D. They alter SC/ST lists.

Answer: A

Explanation: Insertion is not current electoral operation. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM16. Which is the safest UPSC distinction concerning Anglo-Indian nomination?

- A. The 104th Amendment ended SC/ST seats.
- B. Articles 331/333 were necessarily omitted.
- C. It continues to eighty years.

- D. The Article 334 period was not extended beyond seventy years and nomination ceased in 2020.

Answer: D

Explanation: Text presence and time-clause operation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM17. Which is the safest UPSC distinction concerning Article 335?

- A. It fixes all quota percentages.
- B. It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso.
- C. Efficiency automatically defeats reservation.
- D. It governs OBC lists.

Answer: B

Explanation: Read it with Article 16 and cases. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM18. Which is the safest UPSC distinction concerning commission cross-reference?

- A. Civil-court powers make reports binding.
- B. Article 340 creates all three.
- C. Arts 338, 338A and 338B create NCSC, NCST and NCBC.
- D. They are statutory tribunals.

Answer: C

Explanation: Commission detail remains cross-owned. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM19. Which is the safest UPSC distinction concerning Article 339?

- A. It supports Union directions and commissions concerning Scheduled Areas and ST welfare.
- B. It alters Article 342 lists.
- C. It creates local reservations.
- D. It is the Sixth Schedule.

Answer: A

Explanation: Supervision is distinct from list and area institutions. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM20. Which is the safest UPSC distinction concerning Article 275?

- A. It is a reservation Article.
- B. It abolishes State discretion.
- C. It includes a fiscal route for specified ST welfare and Scheduled Area administration grants.
- D. It permits caste-list amendment.

Answer: C

Explanation: Fiscal support does not redefine status. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM21. Which is the safest UPSC distinction concerning SC/ST lists?

- A. Lists are nationally identical.
- B. Courts maintain lists.
- C. President specifies; Parliament alone includes or excludes under Arts 341-342.
- D. States may alter by executive order.

Answer: C

Explanation: Lists are territorial and constitutionally controlled. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM22. Which is the safest UPSC distinction concerning SEBC lists?

- A. NCBC alone legislates entries.
- B. After the 105th Amendment Central and State/UT lists serve different governmental purposes.
- C. States may alter SC lists.
- D. Only one list exists.

Answer: B

Explanation: The federal list split is explicit. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM23. Which is the safest UPSC distinction concerning Davinder Singh?

- A. It restored E.V. Chinnaiah.
- B. The 2024 decision permits evidence-based SC sub-classification for benefit distribution.
- C. It lets States alter Article 341.
- D. It mandates exclusion of every advanced group.

Answer: B

Explanation: Distribution and identification remain separate. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM24. Which is the safest UPSC distinction concerning local-body cross-link?

- A. Article 334 governs all local seats.
- B. Lists automatically create local quotas.
- C. They are Part XVI provisions.
- D. Arts 243D and 243T separately govern Panchayat and Municipal reservation.

Answer: D

Explanation: Local representation has its own source. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM25. A candidate makes a close-option error about Part XVI. Which correction is most accurate?

- A. It is only an employment quota code.
- B. It administers Scheduled Areas completely.
- C. It contains every welfare scheme.
- D. Part XVI combines representation, services, commissions and list identification.

Answer: D

Explanation: Different Articles produce different legal effects. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM26. A candidate makes a close-option error about reserved seats. Which correction is most accurate?

- A. Articles 330 and 332 reserve SC/ST seats without creating separate electorates.
- B. Article 335 creates them.
- C. Only SC/ST voters vote there.
- D. Seats are executive grants.

Answer: A

Explanation: Territorial electorate and candidate reservation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM27. A candidate makes a close-option error about women reservation. Which correction is most accurate?

- A. They were removed.
- B. They alter SC/ST lists.

- C. Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation.
- D. They operate without delimitation.

Answer: C

Explanation: Insertion is not current electoral operation. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM28. A candidate makes a close-option error about Anglo-Indian nomination. Which correction is most accurate?

- A. The Article 334 period was not extended beyond seventy years and nomination ceased in 2020.
- B. The 104th Amendment ended SC/ST seats.
- C. It continues to eighty years.
- D. Articles 331/333 were necessarily omitted.

Answer: A

Explanation: Text presence and time-clause operation differ. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM29. A candidate makes a close-option error about Article 335. Which correction is most accurate?

- A. It governs OBC lists.
- B. It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso.
- C. It fixes all quota percentages.
- D. Efficiency automatically defeats reservation.

Answer: B

Explanation: Read it with Article 16 and cases. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM30. A candidate makes a close-option error about commission cross-reference. Which correction is most accurate?

- A. Arts 338, 338A and 338B create NCSC, NCST and NCBC.
- B. Article 340 creates all three.
- C. They are statutory tribunals.
- D. Civil-court powers make reports binding.

Answer: A

Explanation: Commission detail remains cross-owned. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM31. A candidate makes a close-option error about Article 339. Which correction is most accurate?

- A. It supports Union directions and commissions concerning Scheduled Areas and ST welfare.
- B. It creates local reservations.
- C. It is the Sixth Schedule.
- D. It alters Article 342 lists.

Answer: A

Explanation: Supervision is distinct from list and area institutions. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM32. A candidate makes a close-option error about Article 275. Which correction is most accurate?

- A. It permits caste-list amendment.
- B. It is a reservation Article.
- C. It includes a fiscal route for specified ST welfare and Scheduled Area administration grants.
- D. It abolishes State discretion.

Answer: C

Explanation: Fiscal support does not redefine status. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM33. A candidate makes a close-option error about SC/ST lists. Which correction is most accurate?

- A. Lists are nationally identical.
- B. Courts maintain lists.
- C. President specifies; Parliament alone includes or excludes under Arts 341-342.
- D. States may alter by executive order.

Answer: C

Explanation: Lists are territorial and constitutionally controlled. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM34. A candidate makes a close-option error about SEBC lists. Which correction is most accurate?

- A. NCBC alone legislates entries.
- B. Only one list exists.
- C. States may alter SC lists.
- D. After the 105th Amendment Central and State/UT lists serve different governmental purposes.

Answer: D

Explanation: The federal list split is explicit. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM35. A candidate makes a close-option error about Davinder Singh. Which correction is most accurate?

- A. It mandates exclusion of every advanced group.
- B. The 2024 decision permits evidence-based SC sub-classification for benefit distribution.
- C. It lets States alter Article 341.
- D. It restored E.V. Chinniah.

Answer: B

Explanation: Distribution and identification remain separate. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

OM36. A candidate makes a close-option error about local-body cross-link. Which correction is most accurate?

- A. Article 334 governs all local seats.
- B. Lists automatically create local quotas.
- C. Arts 243D and 243T separately govern Panchayat and Municipal reservation.
- D. They are Part XVI provisions.

Answer: C

Explanation: Local representation has its own source. The other options collapse distinct legal sources, institutions or consequences and therefore fail the close-option test.

Remedial MCQs 1-12 - Common Error Repair

RM1. Which statement best repairs a recurring error about Part XVI?

- A. It contains every welfare scheme.
- B. Part XVI combines representation, services, commissions and list identification.
- C. It is only an employment quota code.
- D. It administers Scheduled Areas completely.

Answer: B

Remedial explanation: Different Articles produce different legal effects. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM2. Which statement best repairs a recurring error about reserved seats?

- A. Seats are executive grants.
- B. Only SC/ST voters vote there.
- C. Articles 330 and 332 reserve SC/ST seats without creating separate electorates.
- D. Article 335 creates them.

Answer: C

Remedial explanation: Territorial electorate and candidate reservation differ. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM3. Which statement best repairs a recurring error about women reservation?

- A. They were removed.
- B. Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation.
- C. They alter SC/ST lists.
- D. They operate without delimitation.

Answer: B

Remedial explanation: Insertion is not current electoral operation. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM4. Which statement best repairs a recurring error about Anglo-Indian nomination?

- A. It continues to eighty years.
- B. Articles 331/333 were necessarily omitted.
- C. The Article 334 period was not extended beyond seventy years and nomination ceased in 2020.
- D. The 104th Amendment ended SC/ST seats.

Answer: C

Remedial explanation: Text presence and time-clause operation differ. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM5. Which statement best repairs a recurring error about Article 335?

- A. It governs OBC lists.
- B. Efficiency automatically defeats reservation.
- C. It fixes all quota percentages.
- D. It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso.

Answer: D

Remedial explanation: Read it with Article 16 and cases. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM6. Which statement best repairs a recurring error about commission cross-reference?

- A. Civil-court powers make reports binding.
- B. They are statutory tribunals.
- C. Article 340 creates all three.
- D. Arts 338, 338A and 338B create NCSC, NCST and NCBC.

Answer: D

Remedial explanation: Commission detail remains cross-owned. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM7. Which statement best repairs a recurring error about Article 339?

- A. It supports Union directions and commissions concerning Scheduled Areas and ST welfare.

- B. It creates local reservations.
- C. It alters Article 342 lists.
- D. It is the Sixth Schedule.

Answer: A

Remedial explanation: Supervision is distinct from list and area institutions. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM8. Which statement best repairs a recurring error about Article 275?

- A. It permits caste-list amendment.
- B. It is a reservation Article.
- C. It abolishes State discretion.
- D. It includes a fiscal route for specified ST welfare and Scheduled Area administration grants.

Answer: D

Remedial explanation: Fiscal support does not redefine status. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM9. Which statement best repairs a recurring error about SC/ST lists?

- A. Courts maintain lists.
- B. States may alter by executive order.
- C. President specifies; Parliament alone includes or excludes under Arts 341-342.
- D. Lists are nationally identical.

Answer: C

Remedial explanation: Lists are territorial and constitutionally controlled. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM10. Which statement best repairs a recurring error about SEBC lists?

- A. NCBC alone legislates entries.
- B. Only one list exists.
- C. States may alter SC lists.
- D. After the 105th Amendment Central and State/UT lists serve different governmental purposes.

Answer: D

Remedial explanation: The federal list split is explicit. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM11. Which statement best repairs a recurring error about Davinder Singh?

- A. It restored E.V. Chinnaiah.
- B. It mandates exclusion of every advanced group.
- C. It lets States alter Article 341.
- D. The 2024 decision permits evidence-based SC sub-classification for benefit distribution.

Answer: D

Remedial explanation: Distribution and identification remain separate. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

RM12. Which statement best repairs a recurring error about local-body cross-link?

- A. Article 334 governs all local seats.
- B. Arts 243D and 243T separately govern Panchayat and Municipal reservation.
- C. They are Part XVI provisions.
- D. Lists automatically create local quotas.

Answer: B

Remedial explanation: Local representation has its own source. Write the governing source, then the mechanism, and finally the limitation before choosing an option.

PYQS AND ANSWER PRACTICE

Verified and Supporting PYQs with Model Solutions

Verified direct PYQ 1 - 2023 Prelims GS-I Q40

Question: Evaluate statements linking reservation under Article 16 with administrative efficiency under Article 335.

Directive: Objective statement evaluation · **Marks:** 2 · **Word limit:** objective

Model solution

Opening: Evaluate statements linking reservation under Article 16 with administrative efficiency under Article 335. The answer must respond to the directive **Objective statement evaluation** rather than merely describe the topic.

- **Claim -> evidence -> analysis -> qualification:** Article 335 concerns SC/ST claims consistently with administrative efficiency.
- **Claim -> evidence -> analysis -> qualification:** Its proviso permits qualifying-mark or standard relaxation in promotion.
- **Claim -> evidence -> analysis -> qualification:** Article 335 is not the source of every reservation category.
- **Claim -> evidence -> analysis -> qualification:** Read it with Article 16 and controlling case law.

Conclusion: The strongest answer identifies the governing design, shows how it operates with named evidence, tests the counter-position and ends with a qualified institutional verdict.

Verified direct PYQ 2 - 2024 Prelims GS-I Q81

Question: Evaluate statements concerning the Nari Shakti Vandan Adhiniyam and women's legislative reservation.

Directive: Objective statement evaluation · **Marks:** 2 · **Word limit:** objective

Model solution

Opening: Evaluate statements concerning the Nari Shakti Vandan Adhiniyam and women's legislative reservation. The answer must respond to the directive **Objective statement evaluation** rather than merely describe the topic.

- **Claim -> evidence -> analysis -> qualification:** Arts 330A, 332A and 334A are now constitutional text.
- **Claim -> evidence -> analysis -> qualification:** Women-within-SC/ST reserved seats is part of the architecture.
- **Claim -> evidence -> analysis -> qualification:** Operation is linked to census figures and delimitation under Article 334A.
- **Claim -> evidence -> analysis -> qualification:** Constitutional insertion must not be confused with current electoral operation.

Conclusion: The strongest answer identifies the governing design, shows how it operates with named evidence, tests the counter-position and ends with a qualified institutional verdict.

Supporting routed PYQ 3 - 2018 GS-II Q2

Question: Examine the role of the NCSC and reservation for Scheduled Castes in minority institutions.

Directive: Examine · **Marks:** 10 · **Word limit:** 150

Model solution

Opening: Examine the role of the NCSC and reservation for Scheduled Castes in minority institutions. The answer must respond to the directive **Examine** rather than merely describe the topic.

- **Claim -> evidence -> analysis -> qualification:** Article 338 creates NCSC monitoring and reporting functions.
- **Claim -> evidence -> analysis -> qualification:** Civil-court inquiry powers do not make recommendations binding.
- **Claim -> evidence -> analysis -> qualification:** Educational reservation arises from equality provisions and law, not Article 338 alone.

- **Claim -> evidence -> analysis -> qualification:** Minority-right limitations require the specialist rights framework.
- **Claim -> evidence -> analysis -> qualification:** Keep commission, list and benefit sources separate.

Conclusion: The strongest answer identifies the governing design, shows how it operates with named evidence, tests the counter-position and ends with a qualified institutional verdict.

Supporting routed PYQ 4 - 2022 GS-II Q5

Question: Discuss the constitutionalisation of the National Commission for Backward Classes.

Directive: Discuss · **Marks:** 10 · **Word limit:** 150

Model solution

Opening: Discuss the constitutionalisation of the National Commission for Backward Classes. The answer must respond to the directive **Discuss** rather than merely describe the topic.

- **Claim -> evidence -> analysis -> qualification:** The 102nd Amendment inserted Article 338B and Article 342A.
- **Claim -> evidence -> analysis -> qualification:** NCBC status is distinct from an Article 340 temporary commission.
- **Claim -> evidence -> analysis -> qualification:** Jaishri Laxmanrao Patil (2021) preceded the 105th Amendment response.
- **Claim -> evidence -> analysis -> qualification:** The 105th Amendment restored express State/UT list competence for own purposes.
- **Claim -> evidence -> analysis -> qualification:** Commission advice, list identification and reservation policy remain distinct.

Conclusion: The strongest answer identifies the governing design, shows how it operates with named evidence, tests the counter-position and ends with a qualified institutional verdict.

Original Solved Mains Practice

M1. Explain the four-part architecture of Part XVI.

Directive: Explain · **Marks:** 10 · **Suggested words:** 150

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Explain the four-part architecture of Part XVI. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Reserved Seats - claim -> evidence -> analysis -> qualification:** Articles 330 and 332 reserve SC/ST seats without creating separate electorates. Territorial electorate and candidate reservation differ.
- **Women Reservation - claim -> evidence -> analysis -> qualification:** Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation. Insertion is not current electoral operation.
- **Anglo-Indian Nomination - claim -> evidence -> analysis -> qualification:** The Article 334 period was not extended beyond seventy years and nomination ceased in 2020. Text presence and time-clause operation differ.
- **Article 335 - claim -> evidence -> analysis -> qualification:** It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso. Read it with Article 16 and cases.
- **Commission Cross-Reference - claim -> evidence -> analysis -> qualification:** Arts 338, 338A and 338B create NCSC, NCST and NCBC. Commission detail remains cross-owned.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M2. Distinguish constitutional-list identification from reservation policy.

Directive: Distinguish · **Marks:** 10 · **Suggested words:** 150

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Distinguish constitutional-list identification from reservation policy. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Women Reservation - claim -> evidence -> analysis -> qualification:** Arts 330A, 332A and 334A are inserted but operation is tied to census-delimitation. Insertion is not current electoral operation.
- **Anglo-Indian Nomination - claim -> evidence -> analysis -> qualification:** The Article 334 period was not extended beyond seventy years and nomination ceased in 2020. Text presence and time-clause operation differ.
- **Article 335 - claim -> evidence -> analysis -> qualification:** It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso. Read it with Article 16 and cases.
- **Commission Cross-Reference - claim -> evidence -> analysis -> qualification:** Arts 338, 338A and 338B create NCSC, NCST and NCBC. Commission detail remains cross-owned.
- **Article 339 - claim -> evidence -> analysis -> qualification:** It supports Union directions and commissions concerning Scheduled Areas and ST welfare. Supervision is distinct from list and area institutions.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M3. Examine Article 335 as a balance between representation and administrative efficiency.

Directive: Examine · **Marks:** 15 · **Suggested words:** 250

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Examine Article 335 as a balance between representation and administrative efficiency. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Anglo-Indian Nomination - claim -> evidence -> analysis -> qualification:** The Article 334 period was not extended beyond seventy years and nomination ceased in 2020. Text presence and time-clause operation differ.
- **Article 335 - claim -> evidence -> analysis -> qualification:** It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso. Read it with Article 16 and cases.
- **Commission Cross-Reference - claim -> evidence -> analysis -> qualification:** Arts 338, 338A and 338B create NCSC, NCST and NCBC. Commission detail remains cross-owned.
- **Article 339 - claim -> evidence -> analysis -> qualification:** It supports Union directions and commissions concerning Scheduled Areas and ST welfare. Supervision is distinct from list and area institutions.
- **Article 275 - claim -> evidence -> analysis -> qualification:** It includes a fiscal route for specified ST welfare and Scheduled Area administration grants. Fiscal support does not redefine status.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M4. Analyse the 102nd-105th Amendment sequence governing SEBC lists.

Directive: Analyse · **Marks:** 15 · **Suggested words:** 250

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Analyse the 102nd-105th Amendment sequence governing SEBC lists. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Article 335 - claim -> evidence -> analysis -> qualification:** It joins SC/ST service claims with efficiency and contains a promotion-relaxation proviso. Read it with Article 16 and cases.

- **Commission Cross-Reference - claim -> evidence -> analysis -> qualification:** Arts 338, 338A and 338B create NCSC, NCST and NCBC. Commission detail remains cross-owned.
- **Article 339 - claim -> evidence -> analysis -> qualification:** It supports Union directions and commissions concerning Scheduled Areas and ST welfare. Supervision is distinct from list and area institutions.
- **Article 275 - claim -> evidence -> analysis -> qualification:** It includes a fiscal route for specified ST welfare and Scheduled Area administration grants. Fiscal support does not redefine status.
- **Sc/St Lists - claim -> evidence -> analysis -> qualification:** President specifies; Parliament alone includes or excludes under Arts 341-342. Lists are territorial and constitutionally controlled.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M5. Assess the constitutional position of Anglo-Indian nomination after the 104th Amendment.

Directive: Assess · **Marks:** 15 · **Suggested words:** 250

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Assess the constitutional position of Anglo-Indian nomination after the 104th Amendment. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Commission Cross-Reference - claim -> evidence -> analysis -> qualification:** Arts 338, 338A and 338B create NCSC, NCST and NCBC. Commission detail remains cross-owned.
- **Article 339 - claim -> evidence -> analysis -> qualification:** It supports Union directions and commissions concerning Scheduled Areas and ST welfare. Supervision is distinct from list and area institutions.
- **Article 275 - claim -> evidence -> analysis -> qualification:** It includes a fiscal route for specified ST welfare and Scheduled Area administration grants. Fiscal support does not redefine status.
- **Sc/St Lists - claim -> evidence -> analysis -> qualification:** President specifies; Parliament alone includes or excludes under Arts 341-342. Lists are territorial and constitutionally controlled.
- **Sebc Lists - claim -> evidence -> analysis -> qualification:** After the 105th Amendment Central and State/UT lists serve different governmental purposes. The federal list split is explicit.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M6. Discuss legislative representation safeguards under Articles 330-334A.

Directive: Discuss · **Marks:** 20 · **Suggested words:** 300

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Discuss legislative representation safeguards under Articles 330-334A. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Article 339 - claim -> evidence -> analysis -> qualification:** It supports Union directions and commissions concerning Scheduled Areas and ST welfare. Supervision is distinct from list and area institutions.
- **Article 275 - claim -> evidence -> analysis -> qualification:** It includes a fiscal route for specified ST welfare and Scheduled Area administration grants. Fiscal support does not redefine status.
- **Sc/St Lists - claim -> evidence -> analysis -> qualification:** President specifies; Parliament alone includes or excludes under Arts 341-342. Lists are territorial and constitutionally controlled.
- **Sebc Lists - claim -> evidence -> analysis -> qualification:** After the 105th Amendment Central and State/UT lists serve different governmental purposes. The federal list split is explicit.

- **Davinder Singh - claim -> evidence -> analysis -> qualification:** The 2024 decision permits evidence-based SC sub-classification for benefit distribution. Distribution and identification remain separate.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M7. Evaluate Davinder Singh (2024) and the boundary between sub-classification and list alteration.

Directive: Evaluate · **Marks:** 20 · **Suggested words:** 300

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Evaluate Davinder Singh (2024) and the boundary between sub-classification and list alteration. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Article 275 - claim -> evidence -> analysis -> qualification:** It includes a fiscal route for specified ST welfare and Scheduled Area administration grants. Fiscal support does not redefine status.
- **Sc/St Lists - claim -> evidence -> analysis -> qualification:** President specifies; Parliament alone includes or excludes under Arts 341-342. Lists are territorial and constitutionally controlled.
- **Sebc Lists - claim -> evidence -> analysis -> qualification:** After the 105th Amendment Central and State/UT lists serve different governmental purposes. The federal list split is explicit.
- **Davinder Singh - claim -> evidence -> analysis -> qualification:** The 2024 decision permits evidence-based SC sub-classification for benefit distribution. Distribution and identification remain separate.
- **Local-Body Cross-Link - claim -> evidence -> analysis -> qualification:** Arts 243D and 243T separately govern Panchayat and Municipal reservation. Local representation has its own source.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.

M8. Part XVI is a layered equality architecture, not a single reservation code. Comment.

Directive: Comment · **Marks:** 20 · **Suggested words:** 300

Demand decode: Define the exact institutional or doctrinal issue, answer the directive, use named constitutional/statutory/judicial evidence, include the strongest counterpoint and reach a qualified verdict.

Examiner opening: Part XVI is a layered equality architecture, not a single reservation code. Comment. The issue should be analysed through constitutional purpose, operating mechanism and enforceable limitation.

- **Sc/St Lists - claim -> evidence -> analysis -> qualification:** President specifies; Parliament alone includes or excludes under Arts 341-342. Lists are territorial and constitutionally controlled.
- **Sebc Lists - claim -> evidence -> analysis -> qualification:** After the 105th Amendment Central and State/UT lists serve different governmental purposes. The federal list split is explicit.
- **Davinder Singh - claim -> evidence -> analysis -> qualification:** The 2024 decision permits evidence-based SC sub-classification for benefit distribution. Distribution and identification remain separate.
- **Local-Body Cross-Link - claim -> evidence -> analysis -> qualification:** Arts 243D and 243T separately govern Panchayat and Municipal reservation. Local representation has its own source.
- **Part XVI - claim -> evidence -> analysis -> qualification:** Part XVI combines representation, services, commissions and list identification. Different Articles produce different legal effects.

Counter-position: Institutional reform can improve accountability, but overbroad regulation may displace autonomy, federal choice, expertise or access. The answer must identify the exact trade-off rather than offer a generic reform list.

Conclusion: Prefer a calibrated design that preserves the institution's constitutional purpose while adding transparency, independence, reason-giving and judicially reviewable safeguards.
