Reasons for arguing for the

• Phaedo final argument: soul essentially bears life and cannot admit death objections: pre-existence != endless survival

• DESIRE/JUSTICE ARGUMENTS: fulfilment or moral completion suggests afterlife limit: wish and moral need do not by themselves establish

MECHANISM / VERDICT — Recommended opening definition: Immortality is the continued existence of the soul after bodily death.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Recommended opening definition: Immortality is the continued existence of the soul after bodily death.

SOURCE / DOCTRINE

• IDENTITY CANDIDATES

• same immaterial substance

• bodily continuity / resurrection

ARGUMENT / MECHANISM

• memory and psychological continuity (Locke)

• causal narrative continuity

• REID: brave officer exposes memory transitivity problem duplication: one psychology copied twice cannot yield two numerically identical persons

IMPLICATION / VERDICT

• resurrection requires divine re-identification of this person, not mere replica production verdict depends on whether identity needs strict

• sameness or survival-grade continuity.

MECHANISM / VERDICT — REID: brave officer exposes memory transitivity problem duplication: one psychology copied twice cannot yield two numerically identical persons resurrection requires divine re-identification of this person, not mere replica production verdict depends on whether identity needs strict sameness or survival-grade continuity.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: brave officer exposes memory transitivity problem duplication: one psychology copied twice cannot yield two numerically identical persons resurrection requires divine re-identification of this person, not mere replica production verdict depends on whether identity needs strict sameness or survival-grade continuity.

BUDDHISM DENIES ĀTMAN five skandhas + dependent origination → causal stream → rebirth without transmigrant

→

memory is causally produced cognition objection: who receives karma?

→

reply: demand for substance mistakes continuity for identity nirvāṇa ends craving and the causal appropriation

SOURCE / DOCTRINE

• INDIAN REBIRTH: karma + saṃskāra/vāsanā → renewed embodiment in saṃsāra

• BUDDHISM DENIES ĀTMAN five skandhas + dependent origination → causal stream → rebirth without transmigrant flame-to-flame: neither numerically

ARGUMENT / MECHANISM

• memory is causally produced cognition objection: who receives karma?

• reply: demand for substance mistakes continuity for identity nirvāṇa ends craving and the causal appropriation that renews birth.

IMPLICATION / VERDICT

• INDIAN REBIRTH: karma + saṃskāra/vāsanā → renewed embodiment in saṃsāra

• BUDDHISM DENIES ĀTMAN five skandhas + dependent origination → causal stream → rebirth without transmigrant flame-to-flame: neither numerically

MECHANISM / VERDICT — Recommended opening definition: Buddhist rebirth is the causal continuation of dependently arisen aggregates without anātman (a permanent self).

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Recommended opening definition: Buddhist rebirth is the causal continuation of dependently arisen aggregates without anātman (a permanent self).

SUBORDINATE ENRICHMENT — ONLY AFTER THE COMPLETE CORE

OPTIONAL ADVANCED ENRICHMENT

ADVANCED-DOSSIER RECONCILIATION — [OPTIONAL ADVANCED]

THESE REFINEMENTS STRENGTHEN A 15/20-MARKER BUT MUST REMAIN SUBORDINATE

TELEPORTATION, BRAIN-SPLIT CASES AND FRINGE REINCARNATION LITERATURE ARE DELIBERATELY

THE SIX SURVIVAL-TERMS AND THE NECESSITY QUESTION LAYER 3

IS IMMORTALITY OF A SUBSTANTIAL SOUL NECESSARY FOR REBIRTH?

IN THE SUBSTANTIALIST SYSTEMS (VEDANTA, NYAYA, JAINISM) AN ETERNAL

BUT BUDDHISM SECURES RE-BECOMING THROUGH A CAUSAL STREAM ALONE.

OPTIONAL SOURCE WITNESS

- Advanced-dossier reconciliation — [OPTIONAL ADVANCED]
- These refinements strengthen a 15/20-marker but must remain subordinate to the owner doctrines.
- Teleportation, brain-split cases and fringe reincarnation literature are deliberately excluded as low-return.
- The Six Survival-Terms and the Necessity Question LAYER 3 - ADVANCED The necessity question is a modal question, so answer it with modal vocabulary.

ADVANCED OBJECTION

- ANALYSIS: Is immortality of a substantial soul NECESSARY for rebirth?
- In the substantialist systems (Vedanta, Nyaya, Jainism) an eternal atman or jīva is exactly what transmigrates, so there immortality is presupposed.
- But Buddhism secures re-becoming through a causal stream alone.
- So a persisting soul is SUFFICIENT for rebirth, not NECESSARY -- Buddhism is the decisive counter-case.

COMPARATIVE NUANCE

- ANALYSIS: Is rebirth necessary for liberation?
- Liberation is defined as exit from the cycle, so it presupposes bondage-across-lives and something that is freed.
- WRONG: Treating the one-screen map as one school's doctrine.
- It is a comparative scaffold; each cell must be cashed out in that school's own terms.

OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
