10

SCRIPT, POLITY AND SOCIETY

Short patterned inscriptions can be analysed but not translated..
Standardisation supports strong coordination; central state, regional states and corporate elites remain alternatives.

Houses/burials show difference, not caste.

NO KING-LIST

INFERENCE LADDER

11

RELIGION, DECLINE AND CONTINUITY

Horned figure, female figurines, fire features and baths permit ritual hypotheses only. River/climate, trade and reorganisation interacted after c. 1900 BCE; Late communities continued.

NO NAMED CREED

TRANSFORMATION NOT EXTINCTION
