OPTIONAL SOURCE DEPTH

- Rajiv's technocratic modernisation (telecom, computers, science missions, panchayati raj, literacy) began
- the shift away from the closed Nehruvian model, prefiguring 1991.
- CAUTION: Politically, however, his over-centralisation, dependence on advisers and weak
- party control replicated his mother's de-institutionalisation without her mass authority.

ADVANCED DEBATE

- The Shah Bano reversal (1986) and the Ayodhya shrine opening were a fatal attempt
- to balance communal constituencies , which instead energised both Muslim conservatism and Hindu mobilisation.
- Bofors (1987) converted an anti-corruption plank against him, and V.P.
- Singh's Jan Morcha/National Front turned Congress's own "clean government" idiom into its nemesis.

LEGACY / NUANCE

- The Mandal Commission (1990) brought OBC assertion to the centre of national politics
- the rath yatra (1990) and Babri demolition (1992) marked the ascent of Hindutva mobilisation .
- 1991 economic reforms (Rao–Manmohan) responded to a balance-of-payments crisis and
- permanently altered the state–market relationship (developed in topic 38).

OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
