PYQ DEMAND CARD 1 - 2018 Prelims GS-I

Demand: Wood's Despatch provisions

Status: solved-demand-card

Model solution / safe handling: Retain grants-in-aid, Departments of Public Instruction, teacher training, vernacular primary education and the proposed university structure; do not confuse the Despatch with Macaulay's 1835 Minute.

Demand decoding: Treat "PYQ DEMAND CARD 1 - 2018 Prelims GS-I" as a statement-level chronology and attribution problem: verify every date, Act/provision, person, organisation, region and causal claim independently, without inventing an official key.

Detailed examiner-grade model status: The solved analysis above is the executable content base. Preserve its exact chronology, named evidence, causal logic, counter-position and qualification.

Executable exam-length answer / compression plan: Fix the tested time window; separate event/enactment/commencement; match each actor and provision; eliminate the closest distractor with one named record, treaty, session or regional fact.

Why this earns marks: It preserves exact chronology and answer-text mapping, uses named evidence and keeps inferred elimination distinct from an official key.

How to improve this answer: For "PYQ DEMAND CARD 1 - 2018 Prelims GS-I", add one explicit line showing why the nearest distractor fails on date, legal status, geography, attribution or degree.

PYQ DEMAND CARD 2 - 2018 Prelims GS-I

Demand: Factors behind the introduction of English education

Status: solved-demand-card

Model solution / safe handling: Connect administrative staffing, Anglicist confidence in Western knowledge, missionary and Indian reformist demand, the 1813 education grant, Macaulay's Minute and Bentinck's resolution.

Demand decoding: Treat "PYQ DEMAND CARD 2 - 2018 Prelims GS-I" as a statement-level chronology and attribution problem: verify every date, Act/provision, person, organisation, region and causal claim independently, without inventing an official key.

How to improve this answer: For “PYQ DEMAND CARD 3 - 2018 Prelims GS-I”, add one explicit line showing why the nearest distractor fails on date, legal status, geography, attribution or degree.

PYQ DEMAND CARD 4 - 2020 Prelims GS-I

Demand: Purpose of Fort William College

Status: solved-demand-card

Model solution / safe handling: Its primary official purpose was to train European Company civil servants in Indian languages, law and administration; it was not an Indian mass-education institution.

Demand decoding: Treat “PYQ DEMAND CARD 4 - 2020 Prelims GS-I” as a statement-level chronology and attribution problem: verify every date, Act/provision, person, organisation, region and causal claim independently, without inventing an official key.

Detailed examiner-grade model status: The solved analysis above is the executable content base. Preserve its exact chronology, named evidence, causal logic, counter-position and qualification.

PYQ DEMAND CARD 7 - 2023 GS-I

Demand: Gandhi and Tagore on education and nationalism

Status: bounded-model

Model solution / safe handling: Both rejected alienating colonial education. Gandhi's Nai Talim centred productive work, vernacular learning and self-reliance; Tagore stressed freedom, nature, creativity and cosmopolitan humanism. Their routes differed, but both connected education with civilisational autonomy.

Demand decoding: The directive **answer** requires a direct position on “PYQ DEMAND CARD 7 - 2023 GS-I”, coverage of every clause, chronological-causal analysis, named evidence, a counter-position and a qualified verdict.

Detailed examiner-grade model status: The solved analysis above is the executable content base. Preserve its exact chronology, named evidence, causal logic, counter-position and qualification.

Executable exam-length answer / compression plan: For a 15-mark answer, open with a two-sentence thesis; organise five named Acts, events, organisations, regions, primary records or scholarly positions as claim -> evidence -> analysis -> qualification; reserve the final lines for a graded conclusion.

Why this earns marks: The answer obeys the directive, distinguishes dates and policy stages, connects evidence to mechanism, recognises regional/social variation and avoids teleology or hero worship.

How to improve this answer: For “PYQ DEMAND CARD 7 - 2023 GS-I”, replace the weakest generalisation with one additional named primary/official record or attributed scholarly interpretation and state exactly what it cannot prove.

Question: Explain why Wood's Despatch is more accurately called a system blueprint than the beginning of English education. Answer in about 150 words.

Model thesis: The Despatch systematised institutions begun under earlier Anglicist policy; it did not originate the 1835 turn.

Evidence spine:

- The Charter Act of 1813 assigned one lakh rupees to education and permitted missionary activity.
- Macaulay's Minute of 1835 advocated English-medium Western learning for higher education.
- Wood's Despatch of 1854 proposed grants-in-aid, education departments, teacher training, vernacular primary schooling and universities.

Balance: Distinguish intention from outcome, identify regional or social variation, and avoid treating a formal measure as complete implementation.

Conclusion: The Despatch systematised institutions begun under earlier Anglicist policy; it did not originate the 1835 turn.

Question: How did the vernacular press become a political institution under colonial rule? Answer in about 150 words.

Model thesis: The press linked local-language publics to criticism, association and mobilisation, which explains selective repression.

Evidence spine:

- Hicky's Bengal Gazette began in 1780 and is treated as India's first newspaper.
- Metcalfe's 1835 press liberalisation earned him the conventional title liberator of the press.
- Lytton's Vernacular Press Act of 1878 specifically targeted Indian-language newspapers.
- Ripon repealed the Vernacular Press Act in 1882 after sustained Indian criticism.

Balance: Distinguish intention from outcome, identify regional or social variation, and avoid treating a formal measure as complete implementation.
