JAINISM

CONTEXT + EXACT CORE

Do not invent a fresh legal development or let current application replace the printed metaphysics–logic–liberation syllabus.

MECHANISM / ARGUMENT

Do not invent a fresh legal development or let current application replace the printed metaphysics–logic–liberation syllabus.

CONSEQUENCE / CONTRAST

□ Fact: A live August 2026 search primarily returned contemporary educational discussion of anekāntavāda and continuing ethical discussion of sallekhanā, not a clearly verified new court ruling in the February–August window. □□ Inference: Use anekāntavāda as a conceptual resource for intellectual humility and sallekhanā as a bounded ethics application.

JAINISM: CORE DISTINCTIONS

CONTEXT + EXACT CORE

A high-scoring opening states that Jainism is pluralistic realism with non-absolutist finite predication and a material theory of karmic bondage.

MECHANISM / ARGUMENT

It also differs from Nyāya, where the self is conscious through conjunction with mind; in Jainism consciousness belongs intrinsically to jīva.

CONSEQUENCE / CONTRAST

Distinction. □ The Tīrthaṅkaras are liberated teachers and ford-makers, not creator Gods; Jainism remains anīśvaravāda (non-theistic about creation).

UPSC TRAP / ANSWER USE

Distinction. □ Jainism is pluralistic: there are many jīvas, not one universal self.

ANSWER LINE: Jainism (Jīna-centred path of many-sided reality and liberation) is a pluralist realism in which anekāntavāda (doctrine of many-sided reality) holds that enduring dravya (substance) possesses guṇa (qualities) and changing paryāya (modes).
