

ASCII MASTER FLOW – PANEL 1/12: Differentiated rule under pressure

FRAME -> personal orthodoxy + Timurid sovereignty + uneven administration

NOT -> religion alone explains all | NOT -> religion was politically irrelevant

FORM -> discriminatory policy can coexist with composite recruitment

METHOD -> order -> locality -> implementation -> exception -> consequence

BOUND -> Topic 23 owns Deccan-Maratha war and acute jagirdari crisis

VERDICT -> differentiated incorporation survived while legitimacy narrowed.

MUST REMEMBER: Aurangzeb's jizya restoration (1679), temple actions and Rajput conflicts
require chronological and political context.

ASCII MASTER FLOW – PANEL 2/12: Aurangzeb chronology, 1658-1707

1658-59 -> accession settled | 1667 -> Jai Singh dies
c.1669 -> Jat/temple-order context | 1672 -> Satnamis
1675 -> Guru Tegh Bahadur | 1678 -> Jaswant Singh dies
1679 -> jizyah + Marwar-Mewar war | 1681 -> Prince Akbar rebels
1698 -> limited Ajit recognition | 1699 -> Khalsa
1704 -> southern jizyah suspension | 1707 -> death | 1712 -> abolition

ASCII MASTER FLOW – PANEL 3/12: Sharia, zawabit and imperial choice

SHARIA -> legal/moral idiom | ZAWABIT -> ruler-made administrative rules
FATAWA-I-ALAMGIRI -> sponsored collective Hanafi legal compendium
NOT -> constitution + automatic code + proof of uniform enforcement
ULAMA/QAZI/SADR -> patronage and offices; never one loyal parallel cabinet
CHAIN -> juristic opinion -> imperial choice -> official -> local practice
RULE -> legal commitment and political discretion coexist.

ASCII MASTER FLOW – PANEL 4/12: Jizyah, 1679: fiscal form and political signal

FORM -> poll tax on differentiated non-Muslim subjecthood; not land revenue
ADMIN -> categories + exemptions + collectors + corruption + remissions
TREASURY -> separate religious-charitable destination; not general-fiscal cure
SIGNAL -> visible reversal of Akbarian public policy
EFFECT -> alienation and mistrust; never sole cause of one revolt/decline
VARIATION -> 1704 southern suspension -> 1712 formal abolition.

ASCII MASTER FLOW – PANEL 5/12: Temple policy: test one action at a time

FORMAL -> old/new distinction exists in legal language

1669 -> major order context | KASHI + MATHURA -> named coercive cases

WAR -> old temples also destroyed in Marwar-Mewar, 1679-80

ACTION -> destroy + deface + brick up + convert are not identical

COUNTER -> grants, survival, local non-enforcement and complaint decisions

METHOD -> date + site + source + context + action + reach + counter-evidence

TRAP -> reject universal destruction AND blanket old-temple immunity.

ASCII MASTER FLOW – PANEL 6/12: Composite nobility: inclusion is not equality

CONTINUE -> Hindu + Rajput + later Maratha mansabdars remain in service
RAJPUT -> Amber + Bikaner + Bundi + Kota continue after 1679
DISCRIMINATION -> jizyah/temple/appointment measures remain real
NEED -> administrative and military demand limits total exclusion
CATEGORY -> differentiated incorporation, not equal citizenship
TRAP -> service does not erase coercion; coercion does not end all service.

ASCII MASTER FLOW – PANEL 7/12: Guru Tegh Bahadur: source and consequence

1664 -> becomes Guru | 1671 -> returns Punjab | 1675 -> Delhi execution
PERSIAN GAP -> no complete transparent contemporary court narrative
STATE FRAME -> security/law-order claims in later materials
SIKH MEMORY -> defence of faith and martyrdom
VERDICT -> punishment religiously coercive and politically consequential
1699 KHalSa -> later institutional step; no mechanical single-cause chain.

ASCII MASTER FLOW – PANEL 8/12: Jats and Satnamis: compare mechanisms

JATS c.1669 -> Mathura; cultivator/zamindar/clan + revenue/local coercion

RECURRENCE -> Gokula -> Rajaram -> Churaman, not one isolated riot

SATNAMIS 1672 -> Narnaul local clash -> community mobilisation

BUNDELAS -> Champat Rai/Chhatrasal; chiefship, service, extraction and region

IMPERIAL RESPONSE -> coercive capacity remains

TRAP -> not one class, religious or national revolt.

ASCII MASTER FLOW – PANEL 9/12: Marwar: succession becomes legitimacy crisis

1678 -> Jaswant dies | posthumous Ajit becomes claimant

KHALISA -> disputed succession + debt + revenue disorder; precedent exists

ESCALATE -> Inder Singh tika + searches + conqueror conduct + temple teams

RATHORS -> Durgadas removes Ajit; sardars reject imposed settlement

RELIGION -> jizyah/temple action sharpens fear, not sole initial trigger

VERDICT -> succession administration becomes watan-and-honour crisis.

ASCII MASTER FLOW – PANEL 10/12: Mewar and Prince Akbar, 1681

MEWAR -> strategic objection to occupation/interference; not close-kin monocause

TERRAIN + RATHORS -> Mughal progress slow; negotiation remains possible

JAN 1681 -> Prince Akbar rebels with Rathor support

AURANGZEB -> letters/intelligence split coalition; Akbar flees south

1698 -> Ajit recognised without full Jodhpur restoration

LIMIT -> other Rajput houses continue Mughal service.

CLOSE DISTINCTION: Temple destruction was selective and variable, not a timeless universal programme; grants and protection also need evidence.

ASCII MASTER FLOW – PANEL 11/12: Religious policy and Mughal weakening

COST -> jizyah + temple coercion + Marwar handling narrow public legitimacy

TRUST -> old allies doubt succession/watan guarantees

ULAMA -> policy fails to create a unified dependable Muslim bloc

MILITARY -> empire remains coercively capable; no immediate collapse

DECCAN TIMING -> northern trust cost coincides with southern commitment

VERDICT -> policy contributes through legitimacy, never a single-cause decline.

EVIDENCE LIMIT: Marwar and Mewar followed different trajectories, so 'the Rajputs' cannot be treated as one undifferentiated bloc.

ASCII MASTER FLOW – PANEL 12/12: Topic 22 final answer spine

DEFINE -> orthodoxy + imperial discretion + differentiated incorporation

TRACE -> 1658 -> 1669 -> 1675 -> 1678-79 -> 1681 -> 1698/1704

TEST -> sharia/Fatawa + jizyah + temple sites + service exceptions

COMPARE -> Jat/Satnami/Bundela/Sikh mechanisms separately

RAJPUT -> succession -> khalisa -> overreach -> Ajit/Mewar/Akbar

SOURCE -> court + farman + Waqa/Bahi + Sikh + material limits

PYQ -> zero direct Topic-22 routes, 2018-2026; Mains has no key

VERDICT -> real discrimination and coercion, uneven reach, major trust cost.
