SUBORDINATE ENRICHMENT — ONLY AFTER THE COMPLETE CORE

OPTIONAL ADVANCED ENRICHMENT · EARLY COMPANY POLICY OFTEN SOUGHT BUFFERS, BUT AFTER BENGAL · INCREASINGLY USED WAR, DIPLOMACY, RESIDENTS AND SUBSIDIES TO DOMINATE · WELLESLEY'S SUBSIDIARY ALLIANCE TRANSFORMED RULERS INTO DEPENDENT ALLIES · THEY HOSTED BRITISH TROOPS, PAID SUBSIDIES, ACCEPTED A RESIDENT AND SURRENDERED INDEPENDENT · THIS PRODUCED INDIRECT RULE · INDIAN RULERS SURVIVED FORMALLY, BUT SOVEREIGNTY SHIFTED TO THE

OPTIONAL SOURCE DEPTH
- Early Company policy often sought buffers, but after Bengal the Company
- increasingly used war, diplomacy, Residents and subsidies to dominate Indian states.
- Wellesley's Subsidiary Alliance transformed rulers into dependent allies: they hosted British
- troops, paid subsidies, accepted a Resident and surrendered independent external relations.

ADVANCED DEBATE
- CAUTION: This produced indirect rule : Indian rulers survived formally, but sovereignty shifted to the Company.
- Dalhousie's Doctrine of Lapse moved from indirect control to annexation by denying adoption rights in selected states.
- Awadh's annexation in 1856 used the separate justification of alleged misgovernance, showing that British expansion used multiple legal pretexts.
- Mysore under Haidar Ali and Tipu Sultan resisted through military reform, diplomacy and attempts to balance British power.

LEGACY / NUANCE
- Maratha weakness lay in confederate rivalries; British diplomacy exploited divisions among the Peshwa, Scindia, Holkar, Bhonsle and Gaekwad.
- Sikh power was consolidated under Ranjit Singh, but after his death court
- factionalism and military tensions enabled British victory in the Anglo-Sikh wars.
- CAUTION: Bengal revenues, sepoy armies and superior logistics allowed the Company to fight repeated wars far beyond its original coastal bases.

OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
