OPTIONAL SOURCE WITNESS • Layer-placement note • Layer-placement note All Layer 3 material from the legacy complete session is retained here after practice. • It should refine a core answer, not displace the printed syllabus. • LAYER 3 - ADVANCED Advanced unity and historical qualification Historically, Nyaya	ADVANCED OBJECTION • and Vaisesika begin as distinguishable schools rather than one undifferentiated doctrine. • Navya-Nyaya then sharpens the shared analytic vocabulary. • This system is realist in three linked senses. • Objects exist independently of cognition	COMPARATIVE NUANCE • valid cognition can disclose them • and even error is explained through misrelation among real factors rather than by reducing the world to appearance. • The main philosophical cost is ontological commitment. • To preserve common-sense distinctions, the system admits universals, inherence, ultimate particularizers and absence as real categories.
OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
