

ASCII MASTER FLOW – PANEL 1/9: Sources and Dynamic Absolute

LIFE DIVINE → METAPHYSICS; SYNTHESIS/LETTERS → INTEGRAL YOGA

EXISTENCE-CONSCIOUSNESS-BLISS (SAT-CIT-ĀNANDA) IS DYNAMIC, NOT WORLD-NEGATING
the world is a real self-manifestation, not an absolutely unreal appearance
transcendence and immanence are held together
Aurobindo revises classical Advaita through evolutionary world-affirmation

ASCII MASTER FLOW – PANEL 2/9: Truth-Consciousness bridge

TRUTH-CONSCIOUSNESS (VIJÑANA) MEDIATES UNITY AND MULTIPLICITY

it knows by identity and deploys Real-Idea without fragmenting truth
Overmind distributes truth-powers; ordinary mind knows by division
the bridge explains how the One becomes genuinely many
pressure: the hierarchy is coherent internally but difficult to verify publicly

ASCII MASTER FLOW – PANEL 3/9: Involution and ignorance

INVOLUTION = SPIRIT'S GRADED SELF-CONCEALMENT

existence-consciousness-bliss -> Truth-Consciousness -> Overmind -> Mind

-> Life -> Matter -> Inconscient

ignorance = divided and narrowed consciousness, not sheer non-being

not a dated fall: it is the ontological condition for later evolution

ASCII MASTER FLOW – PANEL 4/9: Evolution and triple transformation

MATTER -> LIFE -> MIND -> HIGHER MIND -> TRUTH-CONSCIOUSNESS

involved power becomes genuinely novel organisation, not a miniature preformed object

psychic transformation -> spiritual transformation -> supramental transformation

humanity is transitional; conscious participation becomes possible

cosmic direction differs from automatic individual attainment

ASCII MASTER FLOW – PANEL 5/9: Integral Yoga

INTEGRAL YOGA (PURVA YOGA) = ASCENT + DESCENT

aspiration + rejection + surrender prepare the whole being

ascent opens consciousness above; descent transforms mind, life and body

liberation is a beginning for terrestrial transformation, not the final stopping point

trap: Integral Yoga is not Patanjali's eight-limbed sequence under another name

ASCII MASTER FLOW – PANEL 6/9: Psychic and gnostic being

PSYCHIC BEING (CAITYA PURUṢA) – EVOLVING INNER SOUL PERSON

it differs from ego and from the immutable individual eternal self
psychic emergence leads the transformation; the gnostic being embodies truth
individual fulfilment and collective destiny are linked
pressure: possibility of transformation does not by itself prove inevitability

ASCII MASTER FLOW – PANEL 7/9: Divine life and collective horizon

DIVINE LIFE = EMBODIED TRUTH CONSCIOUS EXISTENCE, NOT POST-MORTEM HEAVEN

possible because Supermind is involved in Matter

cosmically inevitable does not mean scheduled or automatic for each person

call from below + sanction/descent from above + prepared instrument

collective transformation is a horizon, not rule by a spiritual elite

ASCII MASTER FLOW – PANEL 8/9: Comparisons and objections

AGAINST ILLUSTONISM: WORLD HAS EVOLUTIONARY VALUE

against materialism: consciousness is involved before it evolves

against ascetic escape: Spirit must transform embodied life

objections -> unverifiability, teleology, evil, determinism, elitism, category confusion

reply -> explanatory integration; residual issue -> intersubjective confirmation

ASCII MASTER FLOW – PANEL 9/9: PYQ answer synthesis

START WITH THE DOUBLE MOVEMENT: INVOLUTION MAKES EVOLUTION POSSIBLE

Absolute -> Truth-Consciousness -> involution -> evolution -> Integral Yoga

add psychic being, triple transformation and one named comparison

test teleology and verification before the conclusion

verdict: ambitious world-affirming synthesis with a demanding metaphysical wager
