THE RETRIBUTIVE ARGUMENT

DESERT AS GROUND AND AS CEILING

PUNISH BECAUSE A CULPABLE WRONG WAS DONE, NOT IN

FOUR-STEP ARGUMENT (REPRODUCE AS NUMBERED PREMISES)

(1) THE CRIME ASSERTS A MAXIM INCOMPATIBLE WITH EQUAL

(3) a PROPORTIONATE legal response publicly denies that maxim

SOURCE / DOCTRINE

- CLAIM → punish BECAUSE a culpable wrong was done, not in order to produce a future benefit
- FOUR-STEP ARGUMENT (reproduce as numbered premises)
- (1) the crime asserts a MAXIM incompatible with equal right
- (2) IMPUTABLE AGENCY makes the offender answerable for it
- (3) a PROPORTIONATE legal response publicly denies that maxim

ARGUMENT / MECHANISM

- (4) the denial expresses RESPECT FOR RIGHT, not private revenge
- KANT: punishment answers the culpable act; the offender is an end, never a mere instrument of deterrence
- HEGEL: punishment is the ANNULMENT of the crime's wrongful claim; it restores right and honours the offender as a responsible agent
- OBJECTION → suffering does not undo suffering; desert alone does not show why the STATE should add pain to the world
- REPLY → LIMITING (negative) RETRIBUTIVISM never WITHOUT desert

IMPLICATION / VERDICT

- never BEYOND desert maximising form: desert REQUIRES the penalty → rights objection bites here
- limiting form: desert PERMITS up to a ceiling → rights objection fails here
- RESIDUAL LIMIT → the limiting form buys defence by surrendering the positive aim, so Q1 remains unanswered and passes to the grid.
- CONTROL → retribution is public, proportionate and impartial
- vengeance is private, unbounded and partisan.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: CONTROL → retribution is public, proportionate and impartial;

DIGNITY ARGUMENT, four steps

(2) responsible agency can be impaired and rebuilt

(3) a humane state reduces wrongdoing by CAPABILITY, not degradation

SOURCE / DOCTRINE

- REFORMATIVE THESIS → the offender is capable of moral development and of return to lawful membership
- DIGNITY ARGUMENT, four steps
- (1) persons are more than their worst act
- (2) responsible agency can be impaired and rebuilt
- (3) a humane state reduces wrongdoing by CAPABILITY, not degradation

ARGUMENT / MECHANISM

- ignorance, addiction, trauma, exclusion, distorted incentives -- WITHOUT denying responsibility
- TWO DIMENSIONS OF PROPORTIONALITY
- ORDINAL → ranks offences against one another
- CARDINAL → fixes how severe the WHOLE penal scale may be
- JUVENILE DECISION SEQUENCE seriousness of harm → intention and understanding → developmental

IMPLICATION / VERDICT

- RESULT → harm may rank high ORDINALLY while reduced and developing agency lowers CULPABILITY, so the deserved point on the
- CARDINAL scale falls
- VERDICT → the nature of the crime is RELEVANT but NOT CONCLUSIVE
- offence-centred and offender-centred views are integrated
- OBJECTION → compulsory treatment pathologises dissent, runs indefinitely
