OPTIONAL SOURCE DEPTH
- India's Struggle for Independence presents Gandhi's South African experience as a training
- ground: satyagraha required truth, non-violence, self-suffering, discipline and mobilisation through local associations.
- Gandhi's ashrams, including Sabarmati, were not retreats from politics; they trained cadres in simplicity, constructive work and moral discipline.
- Champaran showed Gandhi's technique: investigate facts, mobilise peasants, negotiate with authority

ADVANCED DEBATE
- and convert a local injustice into a public moral issue.
- CAUTION: Gandhi's novelty lay in making politics intelligible to ordinary people while keeping protest under a disciplined ethical frame.
- Rowlatt Satyagraha marked Gandhi's first attempt at an all-India agitation, but violence in places made him recognise the need for greater discipline.
- Jallianwala Bagh and martial law in Punjab radicalised Indian opinion

LEGACY / NUANCE
- Tagore's renunciation of his knighthood (1919) and Gandhi's later return of the Kaiser-i-Hind medal (1920) symbolised moral repudiation of the Raj.
- CAUTION: The episode marks the beginning of the Gandhian phase : leadership shifted from constitutional petitioning to morally charged mass politics.
- CAUTION: it also taught Gandhi that non-violence had to be organised, trained and controlled, not merely proclaimed.
- Satyagraha was developed during Gandhi's South African struggles against racial laws.
