OPTIONAL DOCTRINE / CASE

- 36. The Article 370 judgment and constitutional method
- 37. President's Rule and federal consent
- 38. Differentiated citizenship
- 39. Answer-writing evidence discipline

ADVANCED LIMIT

- [ANALYSIS] The judgment distinguished the political wisdom of abrogation from constitutional authority.
- [ANALYSIS] By using Article 370's temporary character and continuing presidential power,
- the Court avoided making the disputed Article 367 modification indispensable.
- [LIMIT] An answer should not compress multiple opinions into a slogan; use only common controlling propositions unless a separate opinion is relevant.

COMPARATIVE NUANCE

- [ANALYSIS] Critics argue that using President's Rule for permanent constitutional restructuring weakens federal consent.
- [ANALYSIS] The integration response relies on constitutional text, temporary Article 370 and Parliament's substitute authority during President's Rule.
- [LIMIT] Statehood conversion remains the strongest unresolved dimension; do not pretend the 2023 judgment supplied a universal rule.
- [ANALYSIS] Special land, employment and representation rules differentiate entitlements by residence, community or region.
