

ASCII MASTER FLOW – PANEL 1/11: Part IV's constitutional operating logic

PART IV: DIRECTIVE PRINCIPLES OF STATE POLICY, ARTICLES 36-51

```
|
+-- ARTICLE 36: "STATE" carries the Part III / Article 12 meaning
|   +-- the same public power is restrained by rights and directed toward welfare
|
+-- ARTICLE 37: THREE-PART CONSTITUTIONAL RULE
    +-- no court directly enforces a Directive Principle
    +-- the principles remain fundamental in governance
    +-- the State has a duty to apply them in making laws
        |
        +-- legislation + budget + administration + political accountability
        +-- interpretation of rights and statutes, without judicial budgeting
```

CORE DISTINCTION

non-justiciable != optional; constitutional duty != an automatic individual remedy.

ASCII MASTER FLOW – PANEL 4/11: Classification and amendment overlays

ANALYTICAL CLASSIFICATION: THE CONSTITUTION DOES NOT CREATE THESE LABELS

- +-- SOCIALISTIC: 38, 39, 39A, 41, 42, 43, 43A, 47
- +-- GANDHIAN: 40, 43, 43B, 46, 47, 48

EXAM RULE

Begin with the Article's exact text; use categories only as an explanatory aid.

ASCII MASTER FLOW – PANEL 5/11: FR-DPSP evolution and the surviving Article 31C

CHAMPAKAM DORAIJAN (1951) -> enforceable Fundamental Rights prevail over conflicting directives

|

1st / 4th / 17th AMENDMENTS -> protective constitutional responses

|

I.C. GOLAKNATH (1967) -> Parliament cannot amend Fundamental Rights

|

1971 24th + 25th AMENDMENTS -> amendment power affirmed; Article 31C created

|

KESAVANANDA BHARATI (1973) -> amend, but do not damage basic structure; first limb of 31C survives

|

1976 42nd -> attempted extension of 31C to every DPSP

|

MINERVA MILLS (1980) -> extension invalid; harmony between Parts III and IV is basic structure

|

PROPERTY OWNERS ASSOCIATION (2024) -> surviving shield remains for genuine 39(b)/(c) laws

CURRENT SCOPE: shield against Articles 14 and 19; nexus and basic structure remain reviewable.

ASCII MASTER FLOW – PANEL 6/11: Implementation chain: directive to law, institution and outcome

NPSR TEXT

- > legislature selects instrument and competence
- > appropriation funds the programme
- > executive creates rules, staff and delivery systems
- > courts review legality and interpret rights consistently where possible
- > audit, opposition, civil society and elections test outcomes

ARTICLE 39A INSTITUTIONAL CHAIN

NALSA -> State Authorities -> District Authorities -> Taluk Committees

- +-- section 12 eligibility categories + prescribed income route
- +-- section 13 prima-facie entitlement control

LOK ADALAT DISTINCTION

Ordinary Lok Adalat -> settlement only; no merits decision if compromise fails.

Permanent Lok Adalat -> public utility dispute; conciliation, then bounded merits power.

LIMIT: an implementation law illustrates a directive; it does not exhaust its meaning.

ASCII MASTER FLOW – PANEL 7/11: Article 44: equality, pluralism and federal legislative design

ARTICLE 44: STATE ENDEAVOUR TO SECURE A UNIFORM CIVIL CODE FOR CITIZENS

- |
- +-- LEGISLATIVE BASE: Concurrent List Entry 5

 - +-- comprehensive code with consultation and transition

CURRENT CONTROL

Uttarakhand: 2024 Act commenced 27 Jan 2025.

January 2026 Ordinance -> Amendment Act published 7 Apr 2026.

Article 44 is non-justiciable; judicial observations do not command one model.

ASCII MASTER FLOW – PANEL 8/11: Criticism, institutional limits and constitutional relevance

CRITIQUE

no direct judicial remedy
broad, unevenly arranged aspirations
resource-dependent promises
judicial overreach risk
Centre-State friction
symbolic compliance

CONSTITUTIONAL RESPONSE

Article 37 creates duty and political sanction
breadth permits democratic sequencing and adaptation
Article 41 admits capacity; budgets expose trade-offs
interpretation cannot become continuous administration
competence, finance and institutions condition delivery
test law + institution + implementation + outcome

WHY PART IV STILL MATTERS

- +-- sets the welfare and distributive purpose of public power
- +-- guides legislation and rights-consistent interpretation
- +-- supplies standards for democratic accountability
- +-- restrains laissez-faire indifference and unbounded judicial substitution

BALANCED VERDICT: direction is binding in purpose, flexible in implementation.

ASCII MASTER FLOW – PANEL 9/11: Prelims traps, PYQ routes and the Mains answer spine

PRELIMS CONTROL BOARD

36 -> Part III meaning of State	37 -> no direct enforcement, but duty remains
39(b) resources / common good	39(c) harmful concentration

- 4 qualify with rights, federal competence, finance and institutional limits
- 5 conclude: distributive ends through rights-disciplined means.

ASCII MASTER FLOW – PANEL 10/11: Current-law and evidence control

~~VOLATILE CLAIM~~

- > check official Constitution / judgment / Gazette
- > record date + instrument + exact legal effect
- > separate FACT from inference and unresolved litigation

CONTROLLED POSITIONS

- Article 31C -> 39(b)/(c); Articles 14/19 shield; review retained
- Legal aid -> Suhas Chakma (2024): monitored prison-delivery chain
- Labour Codes -> four Codes effective 21 Nov 2025
- Uttarakhand UCC -> April 2026 Amendment Act succeeded January Ordinance

DO NOT OVERSTATE

No court command for a UCC; not every private asset is a 39(b) resource;
volatile office holders are not durable doctrine.

ASCII MASTER FLOW – PANEL 11/11: Executable 10, 15 and 20-mark answer routes

10 MARKS / 150 WORDS

exact Article -> three mechanisms -> one limit -> direct verdict

15 MARKS / 250 WORDS

chronology or comparison -> implementation evidence -> two gaps -> tied reforms

20 MARKS / 300 WORDS

thesis -> analytical dimensions -> institutional/fiscal/rights counter-case
-> executable way forward -> graded degree verdict

SCALING RULE

Increase dimensions and evidence with marks; do not merely lengthen generic prose.

Every answer closes: exact text + mechanism + evidence + limitation + verdict.
