EXTRA

SUBORDINATE ENRICHMENT — ONLY AFTER THE COMPLETE CORE

OPTIONAL ADVANCED ENRICHMENT · ADVANCED ANSWERS SCORE BETTER WHEN THEY AVOID WRITING "IMPERIALISM" · ONE UNIFORM MODEL: · THE STRONGEST CORRECTIVE TO EUROCENTRIC WRITING IS TO SHOW · BUT RESISTANCE WAS UNEVEN BECAUSE COLONIAL POWERS HAD ADVANTAGES · NEW IMPERIALISM IS THE WORLD-HISTORY COUNTERPART OF THEMES VISIBLE · IN INDIA · STRATEGIC ROUTES, FISCAL EXTRACTION, RACIAL HIERARCHY AND THE LANGUAGE

OPTIONAL SOURCE DEPTH
- CAUTION: Advanced answers score better when they avoid writing "imperialism = one uniform model."
- CAUTION: The strongest corrective to Eurocentric writing is to show that African societies were not passive recipients of conquest.
- CAUTION: But resistance was uneven because colonial powers had advantages in logistics, weapons and divided local contexts.
- CAUTION: New Imperialism is the world-history counterpart of themes visible in British expansion

ADVANCED DEBATE
- In India: strategic routes, fiscal extraction, racial hierarchy and the language of "improvement."
- CAUTION: But do not duplicate Indian material here. Cross-read:
- CAUTION: In GS-I answers, a brief comparison with India can strengthen the colonization
- theme, especially on economic reorientation, coercive governance and legitimacy through civilizing rhetoric .

LEGACY / NUANCE
- CAUTION: A high-scoring conclusion should move from immediate conquest to long-run structural effects.
- Berlin Conference ran from Nov. 1884 to Feb. 1885 .
- Leopold II is inseparable from the Congo Free State .
- Britannica explicitly links the scramble with strategic claims and access to natural resources.

OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
