00

STAGE 00 PULL MECHANISM

PULL MECHANISM · JOB DIVERSITY · FORMAL AND INFORMAL WORK ABSENT IN SMALLER TOWNS · DEEPER LABOUR MARKETS, MATCHING, KNOWLEDGE SPILLOVERS · KIN AND REFERRAL CHAINS LOWER SEARCH COST AND RISK · SMALL-TOWN FORMAL-SECTOR DEPTH IS THIN · MUST REMEMBER · URBANISATION IS A RISING URBAN SHARE PLUS ECONOMIC, OCCUPATIONAL

JOB DIVERSITY — formal and informal work absent in smaller towns → AGGLOMERATION — deeper labour markets, matching, knowledge spillovers → NETWORKS — kin and referral chains lower search cost and risk → CONDITION — small-town formal-sector depth is thin → MUST REMEMBER: Urbanisation is a rising urban share plus economic, occupational, spatial and institutional transformation

CORE CLAIM
- JOB DIVERSITY → formal and informal work absent in smaller towns
- AGGLOMERATION → deeper labour markets, matching, knowledge spillovers

MECHANISM
- NETWORKS → kin and referral chains lower search cost and risk
- CONDITION → small-town formal-sector depth is thin

CONSEQUENCE / LIMIT
- MUST REMEMBER: Urbanisation is a rising urban share plus economic, occupational, spatial and institutional transformation
- migration, natural increase, reclassification and boundary expansion produce different growth paths, while informality mediates housing, work, services and

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: MUST REMEMBER: Urbanisation is a rising urban share plus economic, occupational, spatial and institutional transformation; migration, natural increase, reclassification and boundary expansion produce different growth paths, while informality mediates housing, work, services and citizenship.

01

STAGE 01 CHAIN MIGRATION

CHAIN MIGRATION · FIRST MOVERS · ARRIVE AND SECURE WORK AND LODGING · REFERRAL CHAINS REDUCE RISK FOR THE NEXT ARRIVALS · THE MIGRANT POPULATION IS ITSELF A PULL FACTOR · CONCENTRATION DEEPENS RATHER THAN STABILISING

FIRST MOVERS — arrive and secure work and lodging → INFORMATION — referral chains reduce risk for the next arrivals → COMPOUNDING — the migrant population is itself a pull factor → RESULT — concentration deepens rather than stabilising

CORE CLAIM
- FIRST MOVERS → arrive and secure work and lodging
- INFORMATION → referral chains reduce risk for the next arrivals

MECHANISM
- COMPOUNDING → the migrant population is itself a pull factor
- RESULT → concentration deepens rather than stabilising

CONSEQUENCE / LIMIT
- FIRST MOVERS → arrive and secure work and lodging
- INFORMATION → referral chains reduce risk for the next arrivals

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: COMPOUNDING → the migrant population is itself a pull factor.

02

STAGE 02 FROM INFLOW TO INFORMALITY

FROM INFLOW TO INFORMALITY · MIGRATION OUTPACES FORMAL AFFORDABLE-HOUSING SUPPLY · UNAUTHORISED COLONIES, INFORMAL RENTAL SUBDIVISION · LAND PRICES, TENURE RULES, REGULATORY EXCLUSION · A JOINT MARKET AND GOVERNANCE OUTCOME, NEVER A RESIDENT

INFLOW — migration outpaces formal affordable-housing supply → MARKET — unauthorised colonies, informal rental subdivision → GOVERNANCE — land prices, tenure rules, regulatory exclusion → READING — a joint market and governance outcome, never a resident failure

CORE CLAIM
- INFLOW → migration outpaces formal affordable-housing supply
- MARKET → unauthorised colonies, informal rental subdivision

MECHANISM
- GOVERNANCE → land prices, tenure rules, regulatory exclusion
- READING → a joint market and governance outcome, never a resident failure

CONSEQUENCE / LIMIT
- INFLOW → migration outpaces formal affordable-housing supply
- MARKET → unauthorised colonies, informal rental subdivision

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: READING → a joint market and governance outcome, never a resident failure.

03

STAGE 03 TENURE AND SERVICES

TENURE AND SERVICES · NO RECOGNISED CLAIM · NO FORMAL UTILITY CONNECTION PERMITTED · WATER AND SANITATION · SHARED, INTERMITTENT OR PURCHASED AT A PREMIUM · EXPOSURE AND COST COMPOUND THE HOUSING DEFICIT · TENURE REGULARISATION PRECEDES DURABLE SERVICE DELIVERY

NO RECOGNISED CLAIM — no formal utility connection permitted → WATER AND SANITATION — shared, intermittent or purchased at a premium → HEALTH — exposure and cost compound the housing deficit → POLICY — tenure regularisation precedes durable service delivery

CORE CLAIM
- NO RECOGNISED CLAIM → no formal utility connection permitted
- WATER AND SANITATION → shared, intermittent or purchased at a premium

MECHANISM
- HEALTH → exposure and cost compound the housing deficit
- POLICY → tenure regularisation precedes durable service delivery

CONSEQUENCE / LIMIT
- NO RECOGNISED CLAIM → no formal utility connection permitted
- WATER AND SANITATION → shared, intermittent or purchased at a premium

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: POLICY → tenure regularisation precedes durable service delivery.

04

STAGE 04 TWO LEVELS OF URBAN EXPERIENCE

TWO LEVELS OF URBAN EXPERIENCE · WEAKENED BONDS AND SHARED NORMS UNDER DENSITY AND ANONYMITY · CONTINUING VILLAGE LINKAGE THROUGH MIGRATION AND REMITTANCE · SOCIAL-PSYCHOLOGICAL AGAINST STRUCTURAL AND ECONOMIC · BOTH CAN HOLD FOR THE SAME HOUSEHOLD AT THE

CORE CLAIM	MECHANISM	CONSEQUENCE / LIMIT
ANOMIE → weakened bonds and shared norms under density and anonymity	LEVEL → social-psychological against structural and economic	ANOMIE → weakened bonds and shared norms under density and anonymity
CONTINUUM → continuing village linkage through migration and remittance	RULE → both can hold for the same household at the same time	CONTINUUM → continuing village linkage through migration and remittance

CORE CLAIM
- ANOMIE → weakened bonds and shared norms under density and anonymity
- CONTINUUM → continuing village linkage through migration and remittance

MECHANISM
- LEVEL → social-psychological against structural and economic
- RULE → both can hold for the same household at the same time

CONSEQUENCE / LIMIT
- ANOMIE → weakened bonds and shared norms under density and anonymity
- CONTINUUM → continuing village linkage through migration and remittance

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: RULE → both can hold for the same household at the same time.

05

STAGE 05 TWO JUSTICE TESTS

TWO JUSTICE TESTS · ARE SERVICES AND INFRASTRUCTURE FAIRLY SHARED · DID AFFECTED RESIDENTS HAVE A REAL PLANNING VOICE · EXCLUSION FROM PROCESS USUALLY PRECEDES EXCLUSION FROM BENEFIT · APPLY BOTH BEFORE JUDGING ANY URBAN INVESTMENT · CLOSE DISTINCTION · URBANISATION IS NOT URBAN POPULATION GROWTH, STATUTORY TOWN IS

CORE CLAIM	MECHANISM	CONSEQUENCE / LIMIT
DISTRIBUTIVE → are services and infrastructure fairly shared	USE → apply both before judging any urban investment	and Smart Cities, AMRUT, PMAY-U and municipal constitutional functions have distinct mandates.
PROCEDURAL → did affected residents have a real planning voice	CLOSE DISTINCTION: Urbanisation is not urban population growth, statutory town is not census	
SEQUENCE → exclusion from process usually precedes exclusion from benefit	town, slum is not every informal settlement, metropolitan region is not one municipality,	

CORE CLAIM
- DISTRIBUTIVE → are services and infrastructure fairly shared
- PROCEDURAL → did affected residents have a real planning voice
- SEQUENCE → exclusion from process usually precedes exclusion from benefit

MECHANISM
- USE → apply both before judging any urban investment
- CLOSE DISTINCTION: Urbanisation is not urban population growth, statutory town is not census
- town, slum is not every informal settlement, metropolitan region is not one municipality,

CONSEQUENCE / LIMIT
- and Smart Cities, AMRUT, PMAY-U and municipal constitutional functions have distinct mandates.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: CLOSE DISTINCTION: Urbanisation is not urban population growth, statutory town is not census town, slum is not every informal settlement, metropolitan region is not one municipality, and Smart Cities, AMRUT, PMAY-U and municipal constitutional functions have distinct mandates.

06

STAGE 06 SMART-CITY DESIGN CONTRAST

SMART-CITY DESIGN CONTRAST · UPGRADING CONCENTRATED IN DESIGNATED OR BETTER-OFF ZONES · SERVICES, TENURE AND CONNECTIVITY EXTENDED INTO SETTLEMENTS · DID ACCESS CHANGE FOR THE INFORMALLY SETTLED POOR · TECHNOLOGY IS AN INSTRUMENT, NEVER A DISTRIBUTIVE OUTCOME

CORE CLAIM	MECHANISM	CONSEQUENCE / LIMIT
EXCLUSIONARY → upgrading concentrated in designated or better-off zones	TEST → did access change for the informally settled poor	EXCLUSIONARY → upgrading concentrated in designated or better-off zones
INCLUSIVE → services, tenure and connectivity extended into settlements	LIMIT → technology is an instrument, never a distributive outcome	INCLUSIVE → services, tenure and connectivity extended into settlements

CORE CLAIM
- EXCLUSIONARY → upgrading concentrated in designated or better-off zones
- INCLUSIVE → services, tenure and connectivity extended into settlements

MECHANISM
- TEST → did access change for the informally settled poor
- LIMIT → technology is an instrument, never a distributive outcome

CONSEQUENCE / LIMIT
- EXCLUSIONARY → upgrading concentrated in designated or better-off zones
- INCLUSIVE → services, tenure and connectivity extended into settlements

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: LIMIT → technology is an instrument, never a distributive outcome.

07

STAGE 07 UPGRADING AGAINST CLEARANCE

UPGRADING AGAINST CLEARANCE · IN-SITU UPGRADING · INFRASTRUCTURE AND TENURE IMPROVED IN PLACE · LIVELIHOOD, SCHOOLING AND COMMUNITY NETWORKS PRESERVED · RELOCATION TO PERIPHERAL SITES, ADMINISTRATIVELY FASTER · ACCESS TO CENTRAL-CITY INFORMAL WORK IS SEVERED

CORE CLAIM	MECHANISM	CONSEQUENCE / LIMIT
IN-SITU UPGRADING → infrastructure and tenure improved in place	CLEARANCE → relocation to peripheral sites, administratively faster	IN-SITU UPGRADING → infrastructure and tenure improved in place
GAIN → livelihood, schooling and community networks preserved	COST → access to central-city informal work is severed	GAIN → livelihood, schooling and community networks preserved

CORE CLAIM
- IN-SITU UPGRADING → infrastructure and tenure improved in place
- GAIN → livelihood, schooling and community networks preserved

MECHANISM
- CLEARANCE → relocation to peripheral sites, administratively faster
- COST → access to central-city informal work is severed

CONSEQUENCE / LIMIT
- IN-SITU UPGRADING → infrastructure and tenure improved in place
- GAIN → livelihood, schooling and community networks preserved

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: COST → access to central-city informal work is severed.

08

STAGE 08 EVIDENCE-STATUS CARD

EVIDENCE-STATUS CARD · UNITED NATIONS WORLD URBANIZATION PROSPECTS 2025 · INDIA ABOUT 36 PER CENT URBAN IN 2025 · A PROJECTION-BASED ESTIMATE, NOT CENSUS DATA · CENSUS 2011 IS THE LAST FULL COUNT; CENSUS 2027

CORE CLAIM	MECHANISM	CONSEQUENCE / LIMIT
SOURCE → United Nations World Urbanization Prospects 2025	STATUS → a projection-based estimate, not Census data	SOURCE → United Nations World Urbanization Prospects 2025
ESTIMATE → India about 36 per cent urban in 2025	BOUNDARY → Census 2011 is the last full count; Census 2027 is prospective	ESTIMATE → India about 36 per cent urban in 2025

CORE CLAIM
- SOURCE → United Nations World Urbanization Prospects 2025
- ESTIMATE → India about 36 per cent urban in 2025

MECHANISM
- STATUS → a projection-based estimate, not Census data
- BOUNDARY → Census 2011 is the last full count; Census 2027 is prospective

CONSEQUENCE / LIMIT
- SOURCE → United Nations World Urbanization Prospects 2025
- ESTIMATE → India about 36 per cent urban in 2025

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: BOUNDARY → Census 2011 is the last full count; Census 2027 is prospective.

09

STAGE 09 CAUSAL RESTRAINT ON CRIME

CAUSAL RESTRAINT ON CRIME · DENSITY ALONE · INSUFFICIENT AS AN EXPLANATION OF URBAN CRIME · INEQUALITY, POLICING, OPPORTUNITY, REPORTING, NETWORKS · CONTEXT-SPECIFIC EVIDENCE BEFORE ANY CAUSAL CLAIM · SAFE MOVE · DESCRIBE MECHANISMS, REFUSE AN ANOMIE SHORTCUT

DENSITY ALONE — insufficient as an explanation of urban crime

CONFOUNDERS — inequality, policing, opportunity, reporting, networks → REQUIREMENT — context-specific evidence before any causal claim → SAFE MOVE — describe mechanisms, refuse an anomie shortcut

CORE CLAIM
- DENSITY ALONE → insufficient as an explanation of urban crime
- CONFOUNDERS → inequality, policing, opportunity, reporting, networks

MECHANISM
- REQUIREMENT → context-specific evidence before any causal claim
- SAFE MOVE → describe mechanisms, refuse an anomie shortcut

CONSEQUENCE / LIMIT
- DENSITY ALONE → insufficient as an explanation of urban crime
- CONFOUNDERS → inequality, policing, opportunity, reporting, networks

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: SAFE MOVE → describe mechanisms, refuse an anomie shortcut.

10

STAGE 10 GROWTH AND ITS COST

GROWTH AND ITS COST · PRODUCTIVITY, MATCHING AND A WAGE PREMIUM · SAME MECHANISM · CONGESTION, HOUSING-COST INFLATION, SERVICE STRAIN · NEW MIDDLE CLASS, ORGANISED RETAIL, CONSUMPTION ASPIRATION · DIFFERENTIATED WORK AND HOUSING, NOT SHARED PROSPERITY

CLUSTERING — productivity, matching and a wage premium → SAME MECHANISM — congestion, housing-cost inflation, service strain → TIER-2 — new middle class, organised retail, consumption aspiration → READING — differentiated work and housing, not shared prosperity

CORE CLAIM
- CLUSTERING → productivity, matching and a wage premium
- SAME MECHANISM → congestion, housing-cost inflation, service strain

MECHANISM
- TIER-2 → new middle class, organised retail, consumption aspiration
- READING → differentiated work and housing, not shared prosperity

CONSEQUENCE / LIMIT
- CLUSTERING → productivity, matching and a wage premium
- SAME MECHANISM → congestion, housing-cost inflation, service strain

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: READING → differentiated work and housing, not shared prosperity.

11

STAGE 11 URBANISATION ANSWER SPINE

URBANISATION ANSWER SPINE · NAME THE MECHANISM THE DIRECTIVE IS ACTUALLY TESTING · PULL, HOUSING LAG, TENURE AND SERVICE EXCLUSION IN ORDER · DISTRIBUTIVE AND PROCEDURAL JUSTICE AGAINST THE DESIGN CHOSEN · CONDITIONAL VERDICT WITH THE PROJECTION-NOT-CENSUS CAVEAT · EVIDENCE LIMIT · COMPARE DELHI-NCR, MUMBAI, BENGALURU, SURAT, CHENNAI AND KERALA'S DISPERSED

OPEN — name the mechanism the directive is actually testing → BODY — pull, housing lag, tenure and service exclusion in order → TEST — distributive and procedural justice against the design chosen → CLOSE — conditional verdict with the projection-not-Census caveat → EVIDENCE LIMIT: Compare Delhi-NCR, Mumbai, Bengaluru, Surat, Chennai and Kerala's dispersed settlement

CORE CLAIM
- OPEN → name the mechanism the directive is actually testing
- BODY → pull, housing lag, tenure and service exclusion in order

MECHANISM
- TEST → distributive and procedural justice against the design chosen
- CLOSE → conditional verdict with the projection-not-Census caveat

CONSEQUENCE / LIMIT
- EVIDENCE LIMIT: Compare Delhi-NCR, Mumbai, Bengaluru, Surat, Chennai and Kerala's dispersed settlement
- source Census 2011 classifications and current mission status separately, and explain congestion, segregation or flooding through land, infrastructure,

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: CLOSE → conditional verdict with the projection-not-Census caveat.

E

EXTRA SUBORDINATE ENRICHMENT — ONLY AFTER THE COMPLETE CORE

OPTIONAL ADVANCED ENRICHMENT · SLUM-UPGRADING VERSUS SLUM-CLEARANCE MODELS · UPGRADING (IN-SITU INFRASTRUCTURE AND · PARTICIPATORY URBAN PLANNING MECHANISMS · WARD-LEVEL AND RESIDENT-ASSOCIATION · SETTLEMENT-HIERARCHY AND URBAN-DEFINITION DOCTRINE (CROSS-LINKED) · FORMAL SPATIAL · BOUNDARY CASE 1 — PURE AGGLOMERATION PULL

OPTIONAL SOURCE DEPTH
- CAUTION: Slum-upgrading versus slum-clearance models: upgrading (in-situ infrastructure and
- CAUTION: Participatory urban planning mechanisms: ward-level and resident-association
- Settlement-hierarchy and urban-definition doctrine (cross-linked): formal spatial
- CAUTION: Boundary case 1 — pure agglomeration pull: a metro city's IT/services corridor

ADVANCED DEBATE
- CAUTION: Boundary case 2 — informal-market slum response: an unauthorised colony growing
- CAUTION: Boundary case 3 — smart-city design contrast: a smart-city-designated central
- CAUTION: Agglomeration-benefit-versus-congestion-cost trade-off: large-city pull generates
- CAUTION: Slum-upgrading-versus-clearance trade-off: upgrading preserves livelihood access

LEGACY / NUANCE
- CAUTION: Smart-city investment-versus-equity trade-off: concentrated, high-visibility
- UN World Urbanization Prospects 2025 estimates India at about 36% urban in 2025, a
- Agglomeration economies (not wage differential alone) are the standard economic
- CAUTION: Slum-upgrading (in-situ improvement) versus slum-clearance (relocation) is the standard

OPTIONAL STATUS — This optional depth is unnecessary for a competent core answer; use it only for added nuance after the complete core has been written.
