

ASCII MASTER FLOW – PANEL 1/12: Complete 17-feature control: four interacting layers

FORM AND CHANGE

01 lengthy written text | 02 varied sources | 03 rigidity + flexibility

POWER AND GOVERNMENT

04 federal strong-Centre design | 05 parliamentary government

06 parliamentary power + judicial review | 07 integrated independent judiciary

VALUES AND PARTICIPATION

08 Fundamental Rights | 09 DPSPs | 10 Fundamental Duties

11 secular State | 12 universal adult franchise | 13 single citizenship

INSTITUTIONS AND CONSTITUTIONAL MODES

14 independent constitutional bodies | 15 Emergency provisions

16 constitutional local government | 17 co-operative societies

CONTROL: a feature is a system-level interaction, not one isolated Article.

MUST REMEMBER: Salient features form one architecture: written supremacy, federal distribution with integrative devices, parliamentary responsibility, judicial review, rights, DPSP, duties, universal franchise, independent bodies and local government.

ASCII MASTER FLOW – PANEL 2/12: Written detail, supremacy and three amendment tracks

ORIGINAL CONTROL: Preamble + 395 Articles + 22 Parts + 8 Schedules

CURRENT CONTROL: avoid one fixed Article total; inserted/omitted text changes counts

CHANGE ROUTES

+-- simple-majority matters outside Article 368

+-- Article 368 special majority in each House; no joint sitting

+-- special majority + ratification by at least half State Legislatures

LIMIT: Article 368 power -> constitutional change

-> no destruction of basic structure

VERDICT: detail secures inclusion; calibrated amendment balances continuity and change.

ASCII MASTER FLOW – PANEL 3/12: Borrowed, adapted and rejected: design rather than photocopy

SOURCE	ADAPTED INPUT	REJECTED / TRANSFORMED
1935 Act	federal/admin/judicial scheme	colonial rule + restricted franchise
Britain	cabinet, rule of law, bicameralism	monarchy + unlimited Parliament
United States	rights, review, impeachment, VP	presidentialism + dual citizenship
Ireland	DPSPs, RS nomination, President	fitted to Indian parliamentary system
Canada	strong Centre + residuary power	no copy of an indissoluble State model
Australia	Concurrent List + joint sitting	inserted into different federal balance
USSR/France	duties/justice + republic/fraternity	single-party/statist model rejected
S Africa/Japan	amendment route + Art 21 wording	both altered by Indian doctrine

Maneka Gandhi (1978): 'procedure established' requires fair, just, reasonable procedure.

ASCII MASTER FLOW – PANEL 4/12: Federal power-sharing with integrative and asymmetric devices

FEDERAL CORE

two levels + divided competence + written supremacy + independent judiciary

Article 1: 'Union of States' -> no State right to secede

INTEGRATIVE: single citizenship | integrated courts | All-India Services

COOPERATIVE: Inter-State Council | Finance Commission | GST Council

ASYMMETRIC: differentiated regional, tribal and language arrangements

CENTRALISING: residuary power | Governors | Emergency provisions

J&K CONTROL: In Re: Article 370 of the Constitution (2023) treated it as temporary;

2019 measures upheld; statehood assurance recorded; no restoration notice located.

VERDICT: real federal distribution plus constitutionally strong integration.

ASCII MASTER FLOW – PANEL 5/12: Parliamentary responsibility, overlap and separation-of-powers checks

PEOPLE -> LOK SABHA -> COUNCIL OF MINISTERS

+- Article 75 collective responsibility

+- confidence + questions + committees + finance

OVERLAP

Executive -> ordinances Articles 123/213 and delegated legislation

Legislature -> law + Article 368 constituent power

Judiciary -> review Articles 13/32/226 + rules/contempt

INSULATION: Articles 50, 121/211, 122/212 | institutional core domains

CASE CONTROL: Ram Jawaya = no rigid separation; basic structure limits capture

PYQ 2021 Q90: best liberty safeguard among exact options = separation of powers.

ASCII MASTER FLOW – PANEL 6/12: Judiciary, rule of law and the rights-DPSP-duties triangle

CONSTITUTIONAL SUPREMACY

- +-- rule of law -> limited, reasoned and reviewable power
- +-- integrated judiciary -> SC > High Courts > subordinate courts
- +-- independence -> tenure/removal/service/charged-expense safeguards
 - Article 124(7): retired SC judge cannot plead/act before court/authority
 - Article 220: retired permanent HC judge limited to SC/other HCs

NORMATIVE TRIANGLE

- FR: enforceable liberty/equality/dignity
- DPSPs: non-justiciable welfare/transformation directives
- Duties: civic obligations; no licence to erase rights
- Minerva Mills (1980): harmony of Parts III and IV belongs to basic structure.
- CLOSE DISTINCTION: India has checks and balances rather than strict separation; parliamentary government fuses executive and legislature while Articles 13, 32, 226 and the basic-structure doctrine preserve constitutional supremacy.

ASCII MASTER FLOW – PANEL 7/12: Democracy, citizenship, bodies, local government and co-operatives

CITIZEN -> adult franchise -> Lok Sabha/Assemblies -> responsible government
SINGLE CITIZENSHIP -> common membership, not erasure of every domicile rule

BODY ARTICLE / DISTINCT DESIGN

Election Commission 324 election superintendence; safeguards not same as CAG

CAG 148-151 tenure/removal/reporting + charged expenditure

PSCs 315-323 service advice + own constitutional protections

Finance Commission 280 periodic expert commission, not permanent body

LOCAL: Parts IX/IX-A + Schedules 11/12; detailed status is distinctive, not unique

CO-OPS: Union of India v. Rajendra N. Shah (2021) limits Part IX-B for State co-ops.

ASCII MASTER FLOW – PANEL 8/12: Three Emergency modes, safeguards and return to normal balance

NORMAL FEDERAL-RESPONSIBLE MODE

 - | Article 365 may inform satisfaction; S.R. Bommai (1994) review applies
- +-- Article 360: financial-stability threat and fiscal directions

|

CONTROLS: written Cabinet advice + parliamentary approval + duration + review

|

RETURN TO ORDINARY CONSTITUTIONAL BALANCE

CONTROL: temporary centralisation is India's specified design, not a unique world claim.

ASCII MASTER FLOW – PANEL 9/12: Strength-risk pairs and live constitutional controls

FEATURE	GAIN	RISK / CONTROL
strong Centre	coordination/integrity	overreach -> federal review
parliamentary fusion	daily accountability	majority dominance
judicial review	rights/limited government	reasoned institutional restraint
detail + amendment	inclusion + adaptation	complexity/basic structure
secular engagement	reform + equal respect	majoritarian capture risk
independent bodies	specialised accountability	appointments + transparency
