

Indian Music - Continuous At-a-Glance Flowchart

pitch grammar -> raga/tala -> traditions -> forms -> lineage -> instruments -> institutions

Use the numbered cyan rail from fundamentals to synthesis; the final grey node is optional caution, not core coverage.

PRIMARY CORE FLOW SUBORDINATE EXTRA APPROVAL / REVIEW

Review status: prior artifacts unchanged; repaired Topic 8 master ready for user review.

CORE BEFORE EXTRA • prior artefacts unchanged • exact same master drives poster and tiles

02

STAGE 02

Textual codification timeline

SAMAVEDA

NATYASHASTRA

BRIHADDESHI

SANGITA RATNAKARA

VENKATAMAKHIN

WHAT TEXTS DO

- Texts stabilise pitch, raga, classification and pedagogy across centuries.

EXAM RULE

- Answer treatise questions through contribution, not title-list recall.

MECHANISM / VERDICT — Indian music evolves by repeated codification rather than by one-time invention.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Texts did not merely record practice; they fixed vocabulary, classification and musical memory across centuries.

03

STAGE 03

Hindustani and Carnatic as sister traditions

SHARED ROOTS

THAAT

MELAKARTA

IMPROVISATION

PATRONAGE

HINDUSTANI

- 10 thaats
- alap / bandish / taan
- court and lineage emphasis

CARNATIC

- 72 melakarta + janya
- kriti and RTP field
- temple, composer and sabha emphasis

SAFE VERDICT

- Neither tradition is improvisation-free.
- Do not use foreign-versus-pure caricatures.

MECHANISM / VERDICT — The difference lies in organised grammar and patronage ecology, not in civilisational ranking.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Hindustani and Carnatic music should be compared as sister traditions with shared theory but different performance ecologies.

04

STAGE 04

Form clusters: dhrupad to RTP

DHRUPAD

KHAYAL

THUMRI / TAPPA

KRITI

RTP

OLDER GRAVITY

- Dhrupad: alap-led, pakhawaj, older devotional-court profile.

EXPANSION

- Khayal: bandish, bada/chhota, taan-rich flexibility.
- Thumri / tappa / tarana / ghazal widen the emotional field.

CARNATIC

- Kriti: Pallavi - Anu Pallavi - Charana.
- RTP preserves high manodharma improvisation.

MECHANISM / VERDICT — Form changes redistribute text, rhythm, improvisation and audience without erasing shared grammar.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Indian music should be compared through how each form organises performance, not through name-list memory.

05

STAGE 05

Patronage and transmission

Gharana

GURU-SHISHYA

AURANGZEB CORRECTION

SADARANG

HOW IT WORKS

- A gharana is lineage plus labour plus protected repertoire.

NAMED LINES

- Dagar, Gwalior, Kirana, Agra, Patiala, Bhendibazaar.

CORRECTION

- Court singing curtailed under Aurangzeb did not mean the death of music.

MECHANISM / VERDICT — Traditions survive by moving across patrons rather than by remaining in one court forever.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: A gharana is not just a style-label; it is a lineage mechanism for preserving scarce musical skill across changing patrons.

ANSWER-GRABBING LINE — WRITE/ADAPT IN THE EXAM: Indian music should be compared through how each form organises performance, not through name-list memory.
