MECHANISM	Chronology fixes what each named work actually changed, so the argument cannot slide into a vague rise-and-fall story.
TRAP / LIMIT	Sex and gender mean the same thing -> Gauba makes the distinction foundational: sex is biological, gender is cultural. (PDF pp.84-86)
ANSWER LINE	Gauba treats feminism as a protest against the inferior status assigned to women by patriarchy, not as a denial that biological differences exist. (PDF pp.84-86)

2 CHAPTER SPINE, STEP BY STEP

●	Gauba starts by defining feminism as resistance to unjust female subordination produced by patriarchy. (PDF p.84)
●	He then distinguishes sex from gender so that biological difference is separated from socially assigned inferiority. (PDF pp.84-86)
●	Gender roles such as aggressiveness/dominance for men and submissiveness/expressiveness for women are treated as cultural instruments of social control. (PDF p.85)
●	Gauba argues that biological differences do not justify inferior status for women; the main causes lie in social arrangements and cultural conditioning. (PDF pp.86-87)
●	He ends by classifying feminism into liberal, radical and socialist streams. (PDF pp.88-90)
MECHANISM	The spine is the order in which the source itself develops the argument; reproducing it keeps the answer sequenced rather than listed.
TRAP / LIMIT	All feminism says women are biologically determined -> Firestone's reproductive-biology argument is one radical-feminist position, not feminism's consensus. (PDF p.89)
ANSWER LINE	Feminism: concern with the status and role of women in relation to men, combined with protest against injustice suffered because of sex. (PDF p.84)

3 ILLUSTRATIONS ATTACHED TO THE CLAIMS THEY SUPPORT

Gauba's examples of girls being socialized toward obedience Gauba's examples of girls being socialized toward obedience and boys toward assertiveness show how gender roles are culturally produced. (PDF p.87)	The early rights agenda focused on education, property, The early rights agenda focused on education, property, divorce and suffrage because these exclusions had no necessary connection with female biology. (PDF pp.87-88)
A safe classroom example is to contrast biological maternity A safe classroom example is to contrast biological maternity with culturally assigned ideas that women must therefore remain outside public life	Gauba's cited 1980 UN numerical claim and the follow-up line Gauba's cited 1980 UN numerical claim and the follow-up line saying the condition remained unchanged should never be repeated as current fact; at most they are dated book-period illustrations. (PDF p.86)
MECHANISM	Examples are evidence only when the answer states what they prove and where they stop proving it.
TRAP / LIMIT	If women receive equal legal rights, feminism has no further issue -> Gauba shows later feminism asking about representation, social status and unequal participation in public power. (PDF pp.91-93)
ANSWER LINE	Sex vs gender: sex is natural/biological; gender is cultural/social. (PDF pp.84-86)

4 COMPARISON MATRIX

Stream	Core claim	Main obstacle identified	Remedy emphasized
Liberal feminism	Women deserve equal opportunity and equal rights in all walks of life. (PDF p.88)	Formal legal, educational and professional barriers. (PDF pp.88-89)	Equal pay, representation, reform of discriminatory laws. (PDF p.88)
Radical feminism	Women's oppression is primary and cannot be reduced to some deeper system alone. (PDF p.89)	Patriarchal sexual power and reproductive dependence. (PDF p.89)	Transform sex-power relations and dismantle domination. (PDF p.89)
Socialist feminism	Women's oppression is linked both to patriarchy and capitalism. (PDF pp.89-90)	Wage labour, domestic labour and class exploitation together. (PDF pp.89-90)	Link women's liberation with broader anti-capitalist and anti-oppression struggles. (PDF p.90)
MECHANISM	Running the comparison on shared axes converts a description into an adjudication.		
TRAP / LIMIT	Old statistics in the book can be quoted as present reality -> The 1980 UN figure and book-era representation data are historical and must not be presented as current fact. (PDF pp.86, 91-93)		
ANSWER LINE	Gauba's examples of girls being socialized toward obedience and boys toward assertiveness show how gender roles are culturally produced. (PDF p.87)

6 OWNERSHIP BOUNDARIES AND CROSS-LINKS

THIS TOPIC OWNS - Read the deeper companion at Political-Theory/advanced/06_Feminism-Sex-and-Gender.md - Use Political-Theory/00_Master-Framework.md for the ideology matrix and anti-caricature guidance on feminism - Use Political-Theory/README.md for the module map linking feminism to state, power, citizenship and justice - Topic-map continuities especially matter with Political-Theory/basic/13_Diverse-Perspectives-on-the-State.md (feminist state), Political-Theory/basic/15_Power-Authority-and-Legitimacy.md (gendered power), Political-Theory/basic/16_Citizenship-and-Its-Critiques.md (feminist citizenship) and Political-Theory/basic/20_Diverse-Perspectives-on-Justice.md (feminist justice)	DELEGATED OR EXCLUDED - For cross-syllabus support, use Philosophy/paper-2/socio-political/Gender-Discrimination.md - For constitutional-equality application, move outward to Polity/advanced/07_Fundamental-Rights.md
MECHANISM	Syllabus boundary discipline prevents a conceptual answer from being marked down as off-topic.
ANSWER LINE	Ann Oakley (Sex, Gender and Society, 1972) is usually credited with popularising the working sex/gender terminology in sociology - sex as biological, gender as the culturally learned

7 REVISION CAPSULE AND ANSWER SPINE

●	Define sex and gender separately and sharply. (PDF pp.84-86)
●	Use Rousseau's natural/conventional inequality distinction to show why gender hierarchy is alterable. (PDF p.86)

●	Classify feminism into liberal, radical and socialist streams with one thinker each. (PDF pp.88-90)
●	End by warning against using Gauba's dated numerical claims as present-day evidence. (PDF pp.86, 91-93)
MECHANISM	The capsule is the last-minute recall rail; it should be reproducible in under two minutes.
ANSWER LINE	Carole Pateman (The Sexual Contract, 1988): Claim - classical social-contract theory (Hobbes, Locke, Rousseau) silently assumes a prior "sexual contract" securing men's access to women's

QUALIFIED VERDICT

Carole Pateman (The Sexual Contract, 1988): Claim - classical social-contract theory (Hobbes, Locke, Rousseau) silently assumes a prior "sexual contract" securing men's access to women's. Ann Oakley (Sex, Gender and Society, 1972) is usually credited with popularising the working sex/gender terminology in sociology - sex as biological, gender as the culturally learned. A high-band answer therefore names the position, names the mechanism, names the objection and then says exactly how far the claim still holds.
