Essay PYQ Prompt Bank - Provenance-Aware

> Question-only bank. It contains no model answers. V1 rows are short prompts read from official papers held in this repository. V2 rows are deliberately held back from verbatim reproduction because the official paper is not local.

Use and rights boundary

- A prompt is an exam question, not a copyrighted full essay. This suite writes original answers and does not reproduce coaching or official essays.
- V1 means the local corpus records the prompt from an official-paper PDF. V2 means practice-only ledger provenance; verify the official paper before quoting.
- `A1-A4` and `B5-B8` are stable internal labels, not a claim about printed numbering.
