They do not create separate electorates or Rajya Sabha/Legislative Council reservation.* ***Article 334 clocks:*** *the 104th Amendment extended SC/ST legislative-seat reservation to eighty years from commencement, presently to 25 January 2030, but did not extend Anglo-Indian nomination beyond the seventy-year period.* ***106th Amendment commencement:*** *Gazette notification S.O. 1922(E), dated 16 April 2026, appointed that date under section 1(2), so the amendment's provisions are now in force. Earlier statements that commencement was not notified are superseded.* ***Electoral-operation gate:*** *commencement is not implementation. Article 334A still requires publication of figures from the first post-commencement census and a delimitation exercise for this purpose before reserved seats operate. Census publication alone cannot draw or rotate constituencies.* ***Women-within-category design:*** *Articles 330A and 332A include one-third reservation within SC/ST reserved seats for Lok Sabha, State Assemblies and the Delhi Assembly; they do not extend to Rajya Sabha or Legislative Councils.* ***Services:*** *Article 335 supplies an efficiency consideration and the 82nd Amendment relaxation proviso. It neither defines efficiency nor creates a universal quota; education/employment benefits principally route through Articles 15-16, valid law and controlling case doctrine.* ***Commissions and lists:*** *Articles 338, 338A and 338B establish NCSC, NCST and NCBC. Civil-court inquiry powers do not make reports binding decrees. Under Articles 341-342, the President initially specifies State/UT lists and Parliament alone includes or excludes communities by law.* ***SEBC/EWS firewall:*** *the 102nd-105th Amendment sequence preserves a Central SEBC List and State/UT own-purpose lists by law. EWS derives separately from Articles 15(6)-16(6), upheld 3:2 in Janhit Abhiyan, not Article 342A or 335.* ***Davinder Singh:*** *State of Punjab v Davinder Singh (2024) permits evidence-based SC sub-classification for fair benefit distribution but does not transfer Article 341 list alteration, compel a nationwide model or permit complete exclusion of a listed caste.* ***Live-status control, checked 5 September 2026:*** *official constitutional, Gazette, Census, commission and Social Justice sources control current lists and implementation. The amendment is commenced but women's legislative reservation is not yet electorally operational.*

Dimension 1 Part XVI can be read as three constitutional moves:	**Dimension 2** recognition through Arts 341, 342 and 342A;
Dimension 3 representation through Arts 330–334A; and	**Dimension 4** oversight/claims through Arts 335 and 338–340.

STATIC THEORY

- recognition through Arts 341, 342 and 342A;

- representation through Arts 330–334A; and

- oversight/claims through Arts 335 and 338–340.

- Redistributive outcomes, however, also depend on Arts 15–16, legislation, budget, delimitation, service rules and welfare programmes. This explains why list status does not itself determine the kind or quantum of benefit.

GS-II Indian Polity

INTRO & ORIGIN

SC/ST list alteration remains parliamentary under Arts 341–342. SEBC architecture is expressly dual after the 105th Amendment: a Central List for Central purposes and State/UT lists for their purposes.
